ARSENAL WIN CUP AT WEMBLEY

Losers' Gallant Fight

London, April 25.

A crowd of 93,000 saw Arsenal, the pride of the South, win the F.A. Cup for the second time in the last seven seasons when they beat Sheffield United by a goal scored by Drake, the Londoners' centre-forward, in the 74th minute of an encounter that was packed with thrills.

Over 100 special trains brought 60,000 football fans from the Provinces to the metropolis and Wembley Stadium was packed to overflowing long before the start of the game.

ONLY GOAL SCORED

The weather was breezy and the sun made several futile attempts to appear, and when it succeeded the Stadium revealed a spectacle of the occasion. The cheer parts of the stands were filled at the earliest moment, and it was estimated that the usual crowd of 93,000 was present, including the All-India cricketers. The huge crowd joined in community singing and altogether the spectacle was a most animated one.

The teams emerged side by side amid vociferous cheering, the United kicking off at 2.57 p.m.

Taking the ball well down the field, the Sheffield attack petered out when Barton shot weakly after neat work by Johnson and Barclay had manoeuvred an opening. Despite the slow shot, Wilson misfielded the ball and this should have resulted in a goal, but the United forwards threw away a glorious opportunity by over-eagerness.

A CLOSE CALL

Sheffield continued to press, their passing being more accurate than that of the Arsenal. Their right wing pair were constantly active until Bastin sent Hulme away, but Barton failed to convert the centre, while Alex James later hit the bar. Soon after Barton forced the first corner and Hulme placed the ball right on the bar only to see it bounce behind.

A pass from Coppington to Hulme caught the United defence spread-eagled, but the latter shot hard just outside the post.

Bowden then sent Dodds through in front of goal, but Male charged down his shot just in time.

Up till now the Arsenal had played a more constructive type of football, but the United were playing a more virile game. Persisting in keeping the ball in the air, their nippy forwards harassed the Londoners' defence for long periods.

Hooper caused some anxiety when he went close with a free kick from just outside the penalty area.

James then made a mercurial move when he sent away Bastin, who transferred to Bowden, but the latter missed badly when in front of goal. Bastin then wriggled through, but shot over from close range. A few moments later he was tripped up outside the penalty area, but James shot wide.

Bowden was the most dangerous forward, frequently cutting through, though Hulme was equally prominent, and from a centre by the latter Drake narrowly missed with a header.

ANYBODY'S GAME

A movement between Bowden and Bastin ended with the latter shooting over.

Up to this period it was anybody's game, although the Arsenal raids were the more dangerous, though the United's breakaways were the more frequent.

Hulme then cut in, but grazed the bar with a terrific drive. Sheffield were now forced to defend separately, and James almost penetrated, but Smith brought off a glorious save, conceding a corner, from which Bastin struck the side netting.

The interval arrived with the score-sheet blank. Following the changeover, the Arsenal, playing with the wind behind them, swept down the field for Bastin to bring Smith to his knees with a cross-shot, without a single defender touching the ball.

The Arsenal forwards were in irresistible form, James, Drake and Bastin showing beautiful combination and doing everything but score.

A SPECTACULAR SAVE

Soon after Hulme lobbed the ball under the bar, but Smith saved in spectacular style from a crowd of attackers. James, Hulme and Bastin were then featured in a lightning-like movement, the latter heading the ball into Smith's

hands, and soon after Drake headed another centre just outside the upright.

Arsenal kept up the pressure and Smith had to pull down a shot from James. The roar of aeroplanes overhead at this juncture was most disturbing.

Williams, the United's best forward, provided Dodds and Barton with a chance a few yards from the Arsenal goal, but this was muffed.

Play was then transferred to the other end, where Hulme headed in and Smith fell, smothering the ball on the goal-line, where an exciting melee took place before his charge was cleared.

THE DECIDER

A fine movement between Bowden, Bastin and Drake, culminated in the latter scoring in the 74th minute.

Sheffield United made headway from the restart and Pickering hit the Arsenal cross-bar, which was followed by two rasping drives from Dodds, who had the misfortune to shoot over on both occasions, following which James, Hulme and Drake were seen in a clockwork movement which ultimately saw Smith, the United's custodian save from James.

The Sheffield United goal survived a long siege and the forwards then broke away into a final but vain effort, Jackson and Pickering both missing just before the finish.—Reuter.

Arsenal:—Wilson; Male, Hapgood; Crayston, Roberts, Coppington; Hulme, Bowden, Drake, James, Bastin.

Sheffield United:—Smith; Hooper, Wilkinson; Jackson, Johnson, MacPherson; Barton, Barclay, Dodds, Pickering, Williams.

Earlier: The weather was sultry early this morning, but it is expected that it will be clear and mild for the match.

Both teams are spending the morning quietly.

The Arsenal players, all of whom are reported to be fighting fit, arrived in London from Brighton during the morning. They will be allowed only a tea and toast luncheon before the match.

The United players spent yesterday evening light-heartedly basking in the sunning a couple of miles from Wembley Stadium, the scene of to-day's match.

Johnson, Sheffield United's centre-half, was married yesterday and he will be watched this afternoon by his wife, who is enjoying her football honeymoon.

A crowd of 93,000 is expected as all hotels in North London are full to overflowing, the visitors from the Provinces numbering over 60,000.—Reuter.

Feeling Tired?

You can feel fit again—and so easily too!

Listlessness and fatigue, in nine cases out of ten, are caused by nervous trouble, and when you take Sanatogen you drink in pure strength.

Heat, worry or overwork — these are just some of the many reasons why you are suffering from over-strained nerves. Unless you find extra strength to withstand the strain, loss of youth and health is bound to be the result.

Sanatogen was made to strengthen the nerves; to revitalize tired, run-down people. To thousands, the use of Sanatogen has meant a new lease of life.

Here is the opinion of a lady, who suffered for years:—

"It is years, since I felt so well and happy. I was full of pain and depression through indigestion and nervousness, but now, through Sanatogen, the world and all that is in it, is brighter and more cheerful."

— writes Miss G. H.

Think of how much better life would be if you could once more enjoy that priceless feeling of youthful health, and if you were again full of energy and cheerfulness. And such health is really within easy reach. You need not go to a lot of trouble. Simply start taking Sanatogen three times a day and you will soon pick up.

You will notice how quickly Sanatogen satisfies the starved nervous system, how it conquers that run-down feeling. You will feel better and you will look better. You will feel a new woman, full of youthful vitality, and your friends will tell you "How well you look."

THE TWO VICEROYS

London, April 8.
The story that the Viceroy-Designate and the Viceroy of India must not meet on Indian soil only means that while they meet in person they do not meet officially. This is probably just as well, since the number of State events attended with pomp and circumstance are quite enough fully to tax both the Viceroy—upon the arrival of the one and the departure of the other. The Viceroy-Designate becomes in theory Viceroy of India from the moment that his ship enters Indian territorial waters at Aden. And the retiring Viceroy remains officially Viceroy of India until his ship passes Aden. It takes about five days by sea between Aden and Bombay. There has hardly been an instance in the present century when two fully accredited Viceroys have not been present at the same time on Indian soil for at least a day. Totalling up therefore the one day on land and the ten days on sea, there have always been in official theory two Viceroys of

It is proposed to use this airship in the trans-Atlantic service to supplement the facilities offered by the von Hindenburg.—

It has hitherto been the prerogative of the Chief Justice of Bombay to swear in the new Viceroy as Viceroy and Governor General. Lord Linlithgow will meet and have informal talks with Lord Willingdon in Bombay. There will be no break with tradition in this. The real break in tradition will be that Lord Linlithgow's arrival in Bombay will be private, and that the swearing-in will be done at Viceroy's House, New Delhi—for the first time in history.

NEW GERMANY

Training Schools For Nazis

(“Hong Kong Daily Press” Special)

Berlin, April 24.
Chancellor Hitler accompanied by Deputy Leader Rudolf Hess arrived on Friday at Falkenberg in Pomerania to attend the inauguration ceremony of the National Socialist Leadership School of the new type known as “Ordensburg” at nearby Croesensee. On the same day similar institutions were inaugurated at the castle of Vogelsang in the Eifel mountains West of Cologne and at South Ofen in Bavaria.

The purpose of these “Ordensburg” institutions is to provide three years' training in character and knowledge of future holders of high National Socialist Party offices. To prevent materialistic considerations, from playing the role in choosing the nation's future leaders, training at these schools will be gratis, and provision will be made for students and dependents needing support. The students will spend one year at each institution so that the entire training course will last three years in all. It is intended that each school shall eventually have 1000 inmates and not that 1000 candidates for party offices, who will complete training each year and be taken over by various service of party and party formations.

Besides offering instruction in racial science, philosophy, history and economics by best teachers available, the schools will lay special stress on developing many qualities of fearlessness, self-control and efficiency required of Germany's leaders. Thus the students must demonstrate their courage by practising parachute jumps from aeroplanes, must forego alcohol and smoking for certain periods and otherwise discipline themselves.

The teachers at these institutions must themselves first undergo training at a special National Socialist college to be established for this purpose under the personal supervision of Alfred Rosenberg, the National Socialist Party's cultural leader. The students will

"HERE COMES
COOKIE"

The conductor of a slow train
said: "Madam, your boy can't
pass for half fare, as he's too
large."

The mother answered: "He may
be too large now, but he was small
enough when we started."

"I dislike to face all these bills."
"My dear, you don't have to."
All I want you to do, is foot them."

CAPTAIN BLOOD

Rafael Sabatini's immortal tale
of piracy on the high seas,
"Captain Blood" is now acknow-
ledged to have taken its place
among the classic stories of ad-
ventures written in the last
century. Its thrilling action and
absorbing romance are known to
all readers whose hearts respond
to the call of adventure and the
lure of excitement. Now "Captain
Blood" with all its colour, its
vividness and its thrills intact
has been made into a talking
picture by Cosmopolitan Produc-
tions and this film masterpiece
thoroughly delighted record
breaking audiences at the Queen's
Theatre.

And what a picture it is. In
the immensity of its stark
drama, its tremendous sets, its
bizarre and picturesque back-
ground, its thrilling action and
its marvellous characterizations,
"Captain Blood" stands out as
one of the great film master-
pieces.

The picture has been produced
on an amazingly lavish scale.
Sixteenth century cities and vil-
lages have been reconstructed
pirate galleons, slave ships and
English and French war vessels,
complete in every detail are
shown in terrific battle action,
the costuming of thousands of
players, King's Colonial governors,
nobles, slaves, peasants, pirates
and, peons in a work of remark-
able artistry.

Heading a cast as unusual
as the production itself are two
young film players whose work
will undoubtedly set them among
the leading stars of the cinema.
These are Errol Flynn and Olivia
de Havilland.

Others in the cast include
Lionel Atwill, Basil Rathbone,
Ross Alexander, Guy Kibbee,
Robert Barrat and hundreds of
featured and extras.

"THE LAST DAYS OF POMPEII"

AT THE KING'S

Recreating the lavish splendour
and grandeur of classic Rome,
"The Last Days of Pompeii"
brings to the screen a story as
timely to-day as it was in its Ro-
man setting nineteen hundred years
ago. In this film, RKO Radio pre-
sents an impressive drama of a hero
who symbolizes both the strength
and weakness of all mankind.

The story is laid in Pompeii
which was at the foot of Vesuvius
on the Bay of Naples; the morning
of the first century. Marcus, a young
blacksmith, embittered when prop-
erty costs him the lives of wife and
child, determines to make the
acquisition of wealth his goal.
Sacrificing all ideals, he rises to
riches and power only to discover
that, although the lack of gold had
cost him the life of one son, the
possession of it must cost him the
life of another.

The battle between the forces of
good and evil—as typified in the
man's struggle against himself—
provides the drama, which is staged
against the background of a city
abruptly torn by earthquake, and
lighted by the lurid glow of a vol-
cano in flames.

In gentler vein is the brief, per-
fect love of Marcus and his wife,
and the self-sacrificing love of the
son Flavius for the tragic little
slave girl he adores.

Preston Foster who won such
acclaim for his portrayals in "The
Informant" and "The Arizonian," re-
turns to the screen in this dynamic
role, which offers him one of the
greatest opportunities of his career.
Other principal roles are carried
by Alan Hale, Basil Rathbone,
John Wood, Louis Calhern, David
Holt, Dorothy Wilson, Wyrley
Birch and seventeen other players.
Wood, a young English star, makes
his American debut in this film.

Lavish sets, reproductions of the
ancient city, were built to stage
the spectacle. The picture is a
stupendous revelation of the pro-
duction and is worth the price of
admission.

WOMAN TRAP

How front-page reporters, specu-
lating in gangland crime, se-
cure their tips from underworld
sources, is illustrated in the open-
ing scenes of "Paramount's
drama, "Woman Trap" next
change at the Queen's Theatre.

George Murphy portrays the re-
porter who gets on a jewel rob-
bery. Not only does he know
who stole the registered diamonds,
but, when a double-crossing
member of the band is wiped out
he has the "dope" long before the
authorities get the wind of the
affair.

There is, in the picture, an ex-
pose of the conflicting motives of
pride and outrage which domi-
nate the proprietor of a powerful
daily. The owner is proud that
one of his staff is so un-
erringly right and always in
the know. There is also humili-
ation in the idea that a reporter is
confronted with criminals. The
reporter gets the scoop and then
assignment of the year.

Others in the cast of players
are Gertrude Michael, Roscoe
Karna, Aldin Tamiroff, Samuel S.
Hinds, Sidney Blackmer and Dean
Jagger.

WEDDING BELLS

Japan Bride

CAMERON CAMPBELL

St. Andrews Church was the
scene of a pretty wedding on
Saturday when Miss Eileen Rose
Cameron, the second daughter of
Mr. and Mrs. W. D. Cameron, of
Yokohama, Japan, became the
bride of Mr. Douglas Lorne Camp-
bell, the second son of the late
Mr. D. S. Campbell and of Mrs.
Campbell, of Southsea, England.
The Rev. R. Higgs, vicar of St.
Andrews officiated.

The bride carrying a bouquet of
arum lilies, looked charming in a
dress of silver satin brocade. She
was unattended by bridesmaids,
but her mother was present dress-
ed in royal blue crepe. Mrs. G. H.
MacDonald, sister of the bride was
the Matron of Honour and wore a
creation of Alice-blue net trimmed
with pink while Mr. G. H. Mac-
Donald, brother-in-law of the
bride, gave her away. Mr. R.
Wolfenden was the Best Man.

A reception was held at the
Peninsula Hotel, where friends of
the happy couple gathered to wish
them health and happiness.

The bride's going-away dress was
of navy blue French georgette.

LOCAL WATER SUPPLY

Showers Of Little
Help

Half an inch of rain fell on
Saturday morning and although
it meant a curtailment to some
extent of the sports programme,
it was not sufficient to make any
noticeable increase in the re-
plenishment of the Colony's water
supply.

Actually taking into considera-
tion Saturday morning's down-
pour, the total rainfall since Janu-
ary 1, was only 6.80 inches as
against an average of 10.13 inches
for the corresponding period last
year.

The Royal Observatory stated
that only two hours of rain were
recorded on Saturday. From 8
a.m. to 9 a.m. 0.320 of an inch was
registered, and for the next hour
another 1.495 inches fell, making a
total of 1.815 inches.

At Shing Mun, rain commenced
to fall at 7 a.m. but was not really
satisfactory, being for the most
part only a drizzle. Heavy rain
fell for only an extremely brief
period, though the weather did
not improve until 10.30 in the
morning. About half an inch of
rain was recorded.

WING ON MANDOLIN ORCHESTRA

Concert Held

A large gathering was present
at a concert given by the Wing
On Mandolin Orchestra on Satur-
day, at St. Stephen's Girls' College,
the hall being kindly loaned for
the occasion.

The orchestra which played with
spark and vim, was led by Mr. S.
P. Chinn, and was assisted by Miss
Amy Wang at the piano.
Items from Rubenstein, Lohr,
Siegel were rendered among others,
and clearly indicated the versa-
tility of the band. The concert
which was a great success, in-
cluded a Chinese number in the
second part of the item on the
programme.

WIFE ALLEGES CRUELTY

Chinese Couple In
Court

Ng Wing-yee, of Percival Street,
kit-fat wife of Chan Hol-ping, pro-
ceeded against him in the Central
Police Court on Saturday before
Mr. Balfour, alleging persistent
cruelty to herself and her two
children aged two years and six
months.

She asked that she should have
custody of the children and that
Chan should pay her a weekly sum
for their maintenance.

Mr. C. S. Russ was for the de-
fendant, and Mr. D. S. Curtis for
the complainant.

The summons was adjourned to
May 26.

Mr. Curtis said that the parties
were married on May 13, 1933. A
child was born in February the
following year, when they were
living amicably together.

In November last year another
child was born, and later com-
plainant heard that her husband
was going around with another
woman. When questioned, defend-
ant said that he was paying for
the education of the girl at the
University.

At the time of the birth of the
last child defendant gave her \$25
for expenses and she was then
forced to borrow from her mother
said Mr. Curtis.

In February she went to the Se-
cretary for Chinese Affairs and de-
fendant was ordered to pay \$84
a month allowance to her, but he
had given her only provisions and
money to the total of \$33.

On one occasion he quarrelled
with her and smashed up the
furniture and a mirror, while he
often abused her. Complainant
was now living with her mother.

Mr. Balfour made an interim or-
der that \$12 be paid to complain-
ant each week.

EXPERT IN TOWN

EXTERMINATION OF
WHITE ANTS

Mr. Thomas Cowan, an expert on
white ants from Australia, has de-
cided to establish his headquarters
in Hong Kong, following a tour of
inspection of several well-known
local buildings. The newly formed
company will trade under the
name of the Eastern and Austral-
ian White Ant Exterminating Co.,
with offices on the third floor of
Queen's Building.

Mr. Cowan has enjoyed consider-
able success "down under" and if
his method of exterminating white
ants proves as successful in the
Far East, there can be little doubt
it will be a boon to property own-
ers not only in the Colony, but
throughout South China.

The office in Hong Kong will be
the headquarters for South China.

LARGE ORDERS FOR CLYDE SHIPBUILDERS

London, Apr. 7.

During the past two days ship-
builders on the Clyde have booked
orders valued at more than £2-
500,000. The orders include the
five destroyers ordered by the Ad-
miralty and three motor tankers
ordered by the Anglo-Iranian Oil
Company.

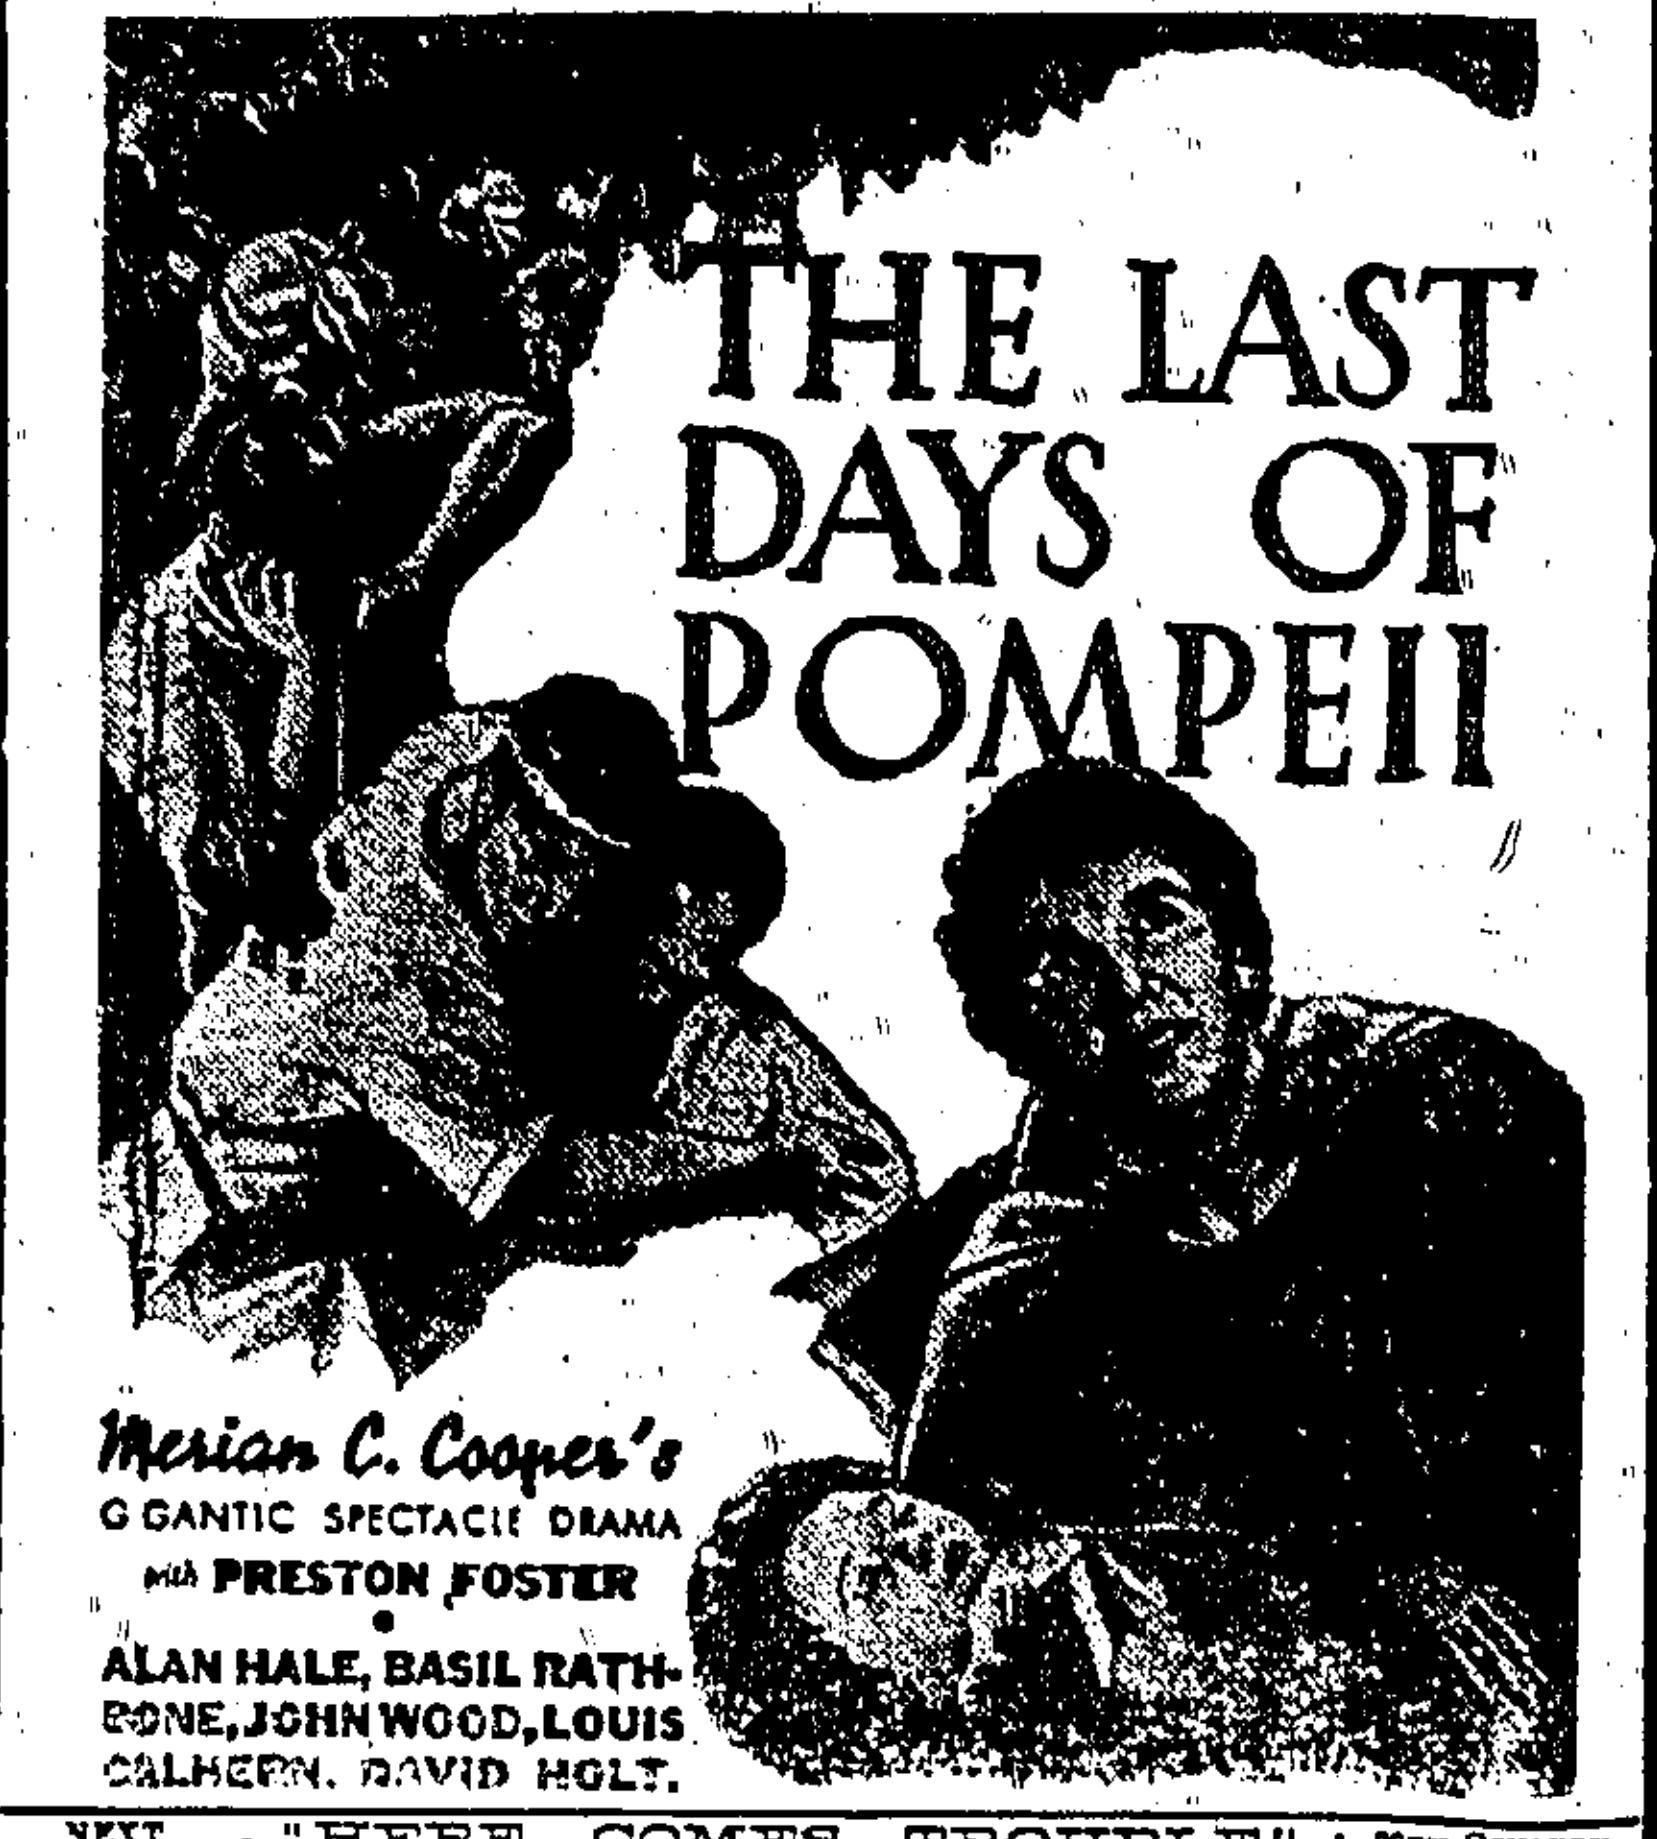

These orders will still further in-
crease the pressure now being felt
by Scottish iron and steel pro-
ducers. Demand from the con-
structional trade is already strain-
ing Scottish capacity.

It seems certain that prices will
be still further raised. They are
already advancing sharply for pig
iron. At the beginning of this
month Scottish hematite prices
were raised to 80s. 6d. per ton,
which compares with a price of
68s. per ton three and a half years
ago. Increases in basic pig iron
are now being contemplated.

With these persistent increases
in raw material prices it cannot be
long before the prices of finished
steel are raised. Such increases, if
they come about, may seriously
curtail the profits which ship-
builders will be able to secure from
contracts entered into on the basis
of current prices.

KING'S REPLY TO SCOTS UNIVERSITIES

London, April 4.
The King made the following
replies to the addresses presented
to His Majesty at Buckingham
Palace, on Thursday by the
University of St. Andrews and the
University of Aberdeen respective-
ly:—

To St. Andrews University:—"It
gives me great satisfaction to re-
ceive at your hands this loyal
address from the University of St.
Andrews, and I thank you for the
assurances of your allegiance
which it contains.

"That the University of St. An-
drews—albeit the oldest of the
Scottish Universities—remains ever
young in spirit and in outlook is
evident from the terms of your
address. I am confident that so
long as your University displays
the same sympathy with the hopes
and ideals of youth so long will it
continue to send forth men and

women who will worthily uphold
its high traditions and be of ser-
vice in their day and generation
to the Empire and to their fel-
lows."

FAMILY ASSOCIATIONS

To Aberdeen University:—"I
thank you for this loyal address
from the University of Aberdeen
and for its expression of sympathy
in the loss which my family and
the whole Empire has sustained in
the death of my beloved father.

"I greatly appreciate your re-
ferences to the associations be-
tween my family and your Univer-
sity, for I have a constant regard
for all that pertains to the welfare
both of Deeside and the Northern
Counties from which your students
are largely drawn.

"I earnestly trust that the great
tradition of learning in this, the
most Northern University in the
United Kingdom, may ever be
maintained and continue to make
its contribution to the welfare of
my people throughout the British
Empire."

ANZAC VETERANS RECALL LANDING

ATTEND CEREMONY AT CENOTAPH

Veterans of the historic land-
ing at Gallipoli beach 21 years
ago were present at the Cenotaph
on Saturday morning
when members of the Australian
community gathered for
the observance of Anzac Day.

Although the landing on April
25, 1915 was not confined to Aus-
tralian troops, Anzac Day is ob-
served by Australians because it
was there that members of the
Australian and New Zealand Army
Corps received their baptism of
fire. From the initials of the
force, the word "Anzac" was coin-
ed.

Many British troops took part in
the offensive and it is seldom that
the troops stationed in Hong
Kong do not include veterans of
the landing. One of the regiments
which fought alongside the Aus-
tralians was the South Wales Bor-
ders which was stationed here
four years ago.

At yesterday's ceremony two
naval veterans of the attack
C.P.O. E. Morter and P.O.C.
McDonald, were present and

bore a wreath from officers and
men of the China fleet.

A wreath in memory of old com-
rades was laid by Lieut. C. de
Salle Robertson and Sgt. Major G.
E. Dudley, who were with the Aus-
tralian troops at the landing.

There was also a wreath from
the Australian and New Zealand
Association, laid by the secretary
(Mr. R. J. McNeill) and a private
wreath from Mr. McNeill in mem-
ory of Lieut. H. A. Correy. This
was laid by Mr. E. F. Selk.

INDIAN FRONTIER DEFENCE

Warning By Sir
Philip Chetwode

VITAL NEED OF REAL EFFICIENCY

London April 8.

Field-Marshal Sir Philip Chet-
wode, who returned home recently
after five years as Commander-in-
Chief in India, emphasized last
night the necessity of real
efficiency in our defences on the
vital North-West Frontier of India.
"Only troops and Air Force in a
high state of discipline and train-
ing, and completely equipped, are
of the slightest use as guardians
of the Indian marches on this wild
frontier," said Sir Philip.

"A new unit, an inexperienced
regiment, is noticed at once by
these tribesmen, and regarded by
them as merely provided by God
to furnish them with rifles."

Sir Philip Chetwode was ad-
dressing the East India Association
at Caxton Hall on "Some Aspects
of the Defence of India, Now and
When the Reforms Materialise."
Earl Winterton presided.

500,000 FIGHTING TRIBESMEN

If they were to rise simulta-
neously, Sir Philip declared, the
frontier tribesmen, "probably the
hardest race of fighters in the
world," could put half a million
men into the field, with no great
supply columns, no bases, nothing
really vital vulnerable to the air.

The Field-Marshal paid a tribute
to the work of the R.A.F. in map-
ping the country by aerial photo-
graphy, reconnaissance, and in
taking action against villages
where trouble was brewing and so
checking hostile action which
might have developed into serious
conflict.

He added: "So far, however, only
the construction of roads and the
presence of ground troops have
resulted in a very large reduction
in the number of campaigns we
have had to undertake."

That defence by air-power is not
so cheap as some people think, the
Field-Marshal pointed out by say-
ing: "An air squadron costs as
much as three battalions of Indian
infantry to maintain, and the
initial cost is vastly greater."

DANGERS OF INDIANISATION

On the Indianisation of the
Army, which when it was decided
upon came as a shock both to the
British and Indian sides of the
Army, Sir Philip remarked: "Suc-
cess or failure depends almost en-
tirely on Indians themselves."

"The dangers of hurrying the
process would be enormous, and it
must be done very slowly. The
great difficulty is to get young
Indians of the right stamp at the
Indian Sandhurst at Dehra Dun,
the Kitchener College.

"Young men of the so-called
martial races were seldom sum-
mily 'educated' to take on the
responsibilities of officers, and
often had not the slightest idea

RECEIVING ORDER GRANTED

Against Chinese Import
Firm

An interim receiving order
against the Nam Tai Loong firm
was granted to the Tak Shun
Bank by the Acting Chief Justice
(Mr. Justice Lindsell) in the Bank-
ruptcy Court on Saturday.

Mr. M. K. Lo, for the Bank, said
that owing to a misunderstanding,
another creditor had applied for
a similar order. Mr. S. Ng Quinn,
who appeared for the second cre-
ditor, agreed to the withdrawal of
his petition.

Jor Sook-hoi, managing partner
of the Bank, said the Nam Tai
Loong firm, an importing agency,
owed the bank \$5,061 on a promi-
sory note.

The bank had been dealing with
the firm for three years, he said,
through Cheung Chiu-ping, whom
he last saw on March 23. The fol-
lowing day, following the circula-
tion of certain rumours, he called
to see Cheung but was told that
he and other "important people"
had absconded.

TRESPASSERS ON MILITARY LAND

Nominal Fine Imposed

Six men and twelve women, all
of whom were sampan people, ap-
peared before Mr. E. Himsforth at
Second Court, Kowloon Magistra-
cy on Saturday charged with trespas-
sing on Stonecutters Island without
authority on April 24. Sergeant
May, of the Water Police prosecut-
ed, while a military representative
was present in Court.

The prosecuting officer said that
the police had received many com-
plaints lately from the military
authorities regarding a great num-
ber of people on the island who
went there for the purpose of col-
lecting shell fish. Some had even
trespassed into the gardens.

On the day in question Sgt. May
visited the island and warned a
number of trespassers to leave the
island. He returned later and ar-
rested 18 of them.

In answer to the Bench, Sgt.
May said that all the accused were
sampan people, and were poor.
Warning the accused that if they
were to be caught for the same
offence a heavy fine would be im-
posed, the Magistrate fined each of
the accused \$1 each, for the pre-
sent offence.

of what the career involved.
Many of them thought it was a
well-paid sinecure.

"On the whole, I think," observ-
ed Sir Philip, "that those who
know India best would say that
quite a number of young Indians
who have taken King's commis-
sions have been and will increas-
ingly be successful, but we do not
get nearly enough of the right
stamp, and a great number have
fallen."

AN HABITUAL THIEF

Stole From Several
Districts

NINE MONTHS' HARD
LABOUR

Described by Detective Inspector
A. H. Elston as a man "who spe-
cialised in clocks," an unemployed
Chinese faced Mr. E. Himsforth, at
the Second Court, Kowloon Magis-
tracy on Saturday on several
charges relating to larceny that
had been perpetrated at several
addresses, in Mongkok, Shamshui-
po, and Kowloon City districts.

The accused, Ma Ngau, a 23-
year-old unemployed had already
made an appearance before the Ma-
gistrate on Thursday when charges
relating to attempted larceny, theft
of jewellery valued at \$110, and \$140
in money, and possession of an in-
strument fit for an unlawful pur-
pose, were instigated against him.
On Saturday four other charges of
theft, each relating to clocks, and
other articles were levied against
him.

Detective Inspector Elston pro-
secuted in the four fresh charges
brought against the accused, and
asked the Magistrate to remember
his depositions.

LATEST OFFENCES

The fresh offences had occurred
at No. 145 Portland Street, third
floor where one wall clock had
been stolen on April 5; No. 550
Shanghai Street, first floor where
one wall clock, an overcoat, an
umbrella, and a fountain pen were
stolen on April 5; No. 459 Re-
clamation Street, third floor where
one wall clock, a felt hat, a quilt
and an article of clothing were
stolen on April 1; and No. 45,
Shek Kip Mi Street, ground floor,
where a wall clock, a mosquito net,
and two suits of clothing were
removed on April 5.

In answer to the charges, defend-
ant stated that he was unem-
ployed, but had previously been
employed as a boiler maker.

The Magistrate: "Yet as a boiler-
maker you can find the time to
commit seven thefts in a month!
Inspector Elston said that the
accused had obtained access at the
various flats, by watching for the
tenants to leave the house. En-
trance was either gained through
an unlocked front door, or by the
back way. The accused "specialised
in wall clocks," amongst other ar-
ticles which were not of consider-
able value. Most of the stolen prop-
erty was recoverable from vari-
ous pawn brokers, who had acted
in good faith.

Relating to the charges for which
the accused stood on remand, De-
tective Sergeant Ellis said that
with regard to an attempt at house
breaking at No. 116 Tung Choi
Street, the accused was arrested
the next day by a Chinese detec-
tive in possession of a padlock, a
piece of iron and a bunch of keys
which accused admitted he had
stolen from a carpenter. The
above articles were covered in the
first three offences against the ac-
cused.

SCISSORS USED

Regarding the fourth charge, ac-
cused had stolen jewellery valued
at \$110 and \$140 in money from
Chan Wa Eo, a married woman re-
siding at No. 28 Nullah Road. Ac-
cused had ransacked the flat. He
utilised a pair of scissors in pris-
ing open drawers, in one of which
he found the key belonging to a
safe, where the money and
jewellery were stored.

Accused admitted a previous con-
viction for larceny on September
14, 1934 for which he received a
sentence of six weeks' imprison-
ment.

Sentence of nine months' with
hard labour was imposed by the
Magistrate on all the charges.

Succumbing to temptation while
transporting a quantity of crockery
ware, two brothers, one aged 52
years, appeared before Mr. Q. A. A.
Macfadyen at the Kowloon Magis-
tracy on Saturday charged with
the theft of 32 bowls and 12 plates
from Ng Cheung Chuen, a shop-
keeper of No. 178 Queen's Road
West. The accused were Ng Wong
(28) and Chan Tsun (52), the lat-
ter being employed by the shop-
keeper as a "fokl."

Ng, the "shopkeeper," told the
Magistrate that Chan had been in
his employ for four years and said
that he did not wish to press the
charge.

POSSESSION OF CUT WOOD

Three unemployed men appeared
before Mr. Q. A. A. Macfadyen at
the Kowloon Magistra-
cy on Saturday charged with unlaw-
ful possession of 240 cut wood at
Tai Po Road, on Friday. Ser-
geant Noland said that the wood
was freshly cut, when the accused
were apprehended. A fine of \$30
each with the alternative of four
weeks' imprisonment was imposed.

SNATCHER GAOLED

Charged with larceny of \$7.60
in Chinese currency from a 65
year-old widow, Chan Hon (37)
unemployed, was sentenced to six
months' imprisonment at the Kow-
loon Magistra-
cy on Saturday. De-
tective Sergeant C. H. Goodwin
told Mr. Q. A. A. Macfadyen that at
about 10.20 a.m. on Friday morn-
ing the widow changed \$5 in Hong
Kong currency into Chinese money
at a money changer's shop in Pei
Ho Street.

The complainant was accompan-
ied by a woman relative. On com-
ing out of the shop, the accused
came up and snatched the money
from the aged woman. Her friend
gave chase, and Chinese constable
No. 441 who happened to be in the
vicinity, arrested the thief.

When the defendant snatched
the money, the woman fell to the
ground. No violence, however, was
used, said the prosecuting officer.

Wong To, 21, unemployed,
charged with larceny from the
person appeared before Mr. Balfour
at the Central Court on Saturday.
Sub-Inspector Sabey was for the
prosecution, the complainant be-
ing Chan Kam, 28, newspaper sel-
ler, at No. 23, Shantung Street.

Chan said that at 1.30 a.m. on
Saturday he was sleeping outside
the Kung Sheung Printing Press in
Des Voeux Road Central, when he
felt a hand in his pocket. He
slapped the hand away and then
found that he had lost a packet of
cigarettes and 80 cents. The de-
fendant ran away but was chased
and caught by an Indian constable.

Defendant was fined \$50 or one
month, in default, plus an addi-
tional two months.

Cheng Yau, 53, unemployed of
27, Lee Yuen Street was charged at
the Central Court on Saturday be-
fore Mr. S. F. Balfour with keep-
ing an opium divan, possession of a
quantity of prepared opium and
possession of a quantity of raw opium.

Defendant was sentenced to \$50
or one month on the first charge,
\$50 or one month on the second
and \$50 or six weeks on the third.

The theft of her friends cloth-
ing during her absence in the
country led Lo Sze, 18, spinster,
before Mr. S. F. Balfour on Satur-
day at the Central Court charged
with larceny.

Lee Sim, 24, of Pottinger Street
said that defendant visited her on
22 and asked if she could stay with
her for a few days. She agreed
but shortly after went to the coun-
try. She returned on April 1, and
found the clothes missing. Later
she traced them.

Defendant was bound over in a
bond of \$50.

Chan was engaged in transporting
crockery, he stole the articles
mentioned on the charge and gave
them to his brother. So far as
guilty knowledge was concerned,
the prosecution could offer nothing
against the first accused. The
man was accordingly discharged.

Regarding the second accused,
the Magistrate in view of the plea
put in by the complainant, decided
to bind him over in the sum of \$50
to come up for judgment in a
year.

Chan Kwan, 32, lorry driver, of
Shaokwan failed to appear before
Mr. W. Schofield on Saturday and
his bail of \$50 was estreated. He
was charged with having ineffi-
cient brakes, overloading his lorry
and driving at an excessive speed
in Hennessey Road on Friday.

Ng Ngau, appeared before Mr. S.
F. Balfour at the Central Magis-
tracy on Saturday charged with
stealing a jacket from underneath
the seat of a motor car parked in
Caine Road.

Sub-Inspector Kirby said that at
7.45 p.m. on Friday defendant's
movements aroused the suspicions
of a police sergeant. He admitted
having taken the coat.

Defendant was placed under po-
lice supervision for two years.

Wong In-nam 24, unemployed
charged with assault with intent to
rob, appeared before Mr. S. F. Bal-
four on Saturday and was re-
manded for three days. Det-Sgt.
Cushman was for the prosecution.
The complainant was Mrs. Iwats,
25, Conduit Road.

Wan On, 18, unemployed,
charged with the theft of a radio-
tor cap from the car of Mr. B. E.
Maughan, on March 22, and Lai
Sang, charged with aiding and
abetting in the theft, appeared be-
fore Mr. W. Schofield on Saturday
at the Central Court. Wan was
sentenced to a month's hard la-
bour, and Lai, pleading not guilty,
was discharged.

Choy Kan-chuen, 22, unemployed,
Lam Yue-cheung, 22, unemployed,
Fung Chung and Ho Ping-nam
appeared before Mr. W. Schofield
on Saturday at the Central Court
charged with the theft of a purse
containing \$11.60 from Nam King-
hong a married woman.

The first three defendants plead-
ed guilty and the fourth not guilty.
The plea was accepted by the pro-
secution and he was discharged.

Det-Sgt. Downman stated that
when the woman was on the Praya
at 2.45 p.m. on April 16 watching
the fishing, her purse was stolen.
She struggled with Choy but he got
away. On April 24, acting on in-
formation he was arrested near the
Dreghnand Dancing Academy. The
others were arrested later.

Choy was sentenced to six
months with two years police su-
pervision, Lam to five months and
Fung to four months.

TEMPER MUST BE CURBED

Man Fined For
Assault

Angered by the disobedience of
his son, a father threw a rice bowl
at his offspring. Unfortunately the
missile missed the lad and hit an-
other boy, aged 10 years on the
forehead inflicting an injury.

At the Kowloon Magistra-
cy on Saturday before Mr. Q. A. A.
Macfadyen in the First Court, Chan
Kwong (50), unemployed, was
charged with assault on Chan Hong
10 years of age at Cheung Sha
Wan Road on Friday.

Sergeant Noland said that he wit-
nessed the assault but only saw
one lad.

The accused alleged that he had
struck at his son, and accidentally
hit the other lad.

In fine defendant \$10 with the
option of 14 days in gaol. The Ma-
gistrate told the man that in fu-
ture he must learn to control his
temper. Accused was also bound
over in \$25 for one year.

SUCCESSFUL RACE MEETING AT MACAO

Large Crowd Attends

COURSE IN EXCELLENT CONDITION

Races were held at Macao yesterday and were attended by a large crowd mostly from Hong Kong. It is a great pity that so few residents in Macao seem to be interested in racing, were they so disposed undoubtedly bumper meetings would be held.

The course was in excellent condition, the turf was nice and springy, making the going very good and altogether it is a very attractive course. Unfortunately the weather was not kind. Some of the fields might well have been bigger and owners would help Jockey Clubs were they to run their ponies more. It is always very noticeable that the betting improves greatly in races where there are big fields.

Several races yesterday were Handicaps and it seems a pity that by these means ponies cannot be brought more together, so as to give a close finish.

The Ladies race was a very sporting event, most of the jockeys never having ridden a race before. In fact some of them have only recently learnt to ride and great praise is due to Mr. Bob Charles for his excellent instruction. This race was won by Miss Stokes on R.T.P. and was a good example of how well a horse will gallop when he is left to do his stuff himself. We hear that there is to be another meeting at Macao in June, which should draw a big crowd.

Some of the dividends at the Totalisator were good, Burgomaster paid \$23.50 for a win, Estover paid \$20.40 for a win and \$20.30 for a place and R.T.P. in the last race paid \$14.70 for a win. The Cash Sweeps were not large except in the 4th Race, The Jockey Club Cup, when the lucky number gathered in \$728.30.

LATE MR. WONG KWONG TIN

Memorial Service Held On Saturday

A LARGE GATHERING

At the Hall of the Chinese General Chamber of Commerce on Saturday afternoon, a memorial service for the late Mr. Wong Kwong Tin, Chairman of the Chamber, was held in his memory, and a large gathering of Chinese merchants, business men and representatives of hospitals attended to pay their last respects.

The walls of the Hall were adorned with a large number of white scrolls sent by the various business firms and associations, with which the late Mr. Wong Kwong Tin had come in contact during his life time.

White chrysanthemums were profusely used in the Hall, while a hatchment over the entrance bore the characters of the deceased's name in flowers. In the Chamber itself, a temporary altar was erected, on which stood two long candles and behind them a large portrait of the late Mr. Wong Kwong Tin.

The relatives of the deceased and the younger members of their families stood at one side of the altar, while the memorial oration, which was in Cantonese, was delivered, on behalf of the new Chairman, Mr. Li Sing-kui, by the Secretary, Mr. H. Y. Tso, detailing the great services of the deceased to both the Chamber and the Colony, and expressing the hope that work left unfinished through his death might be worthily carried out by his successors, and that his son, walking in his father's footsteps, might attain to even greater heights than his father.

Mr. Wong Shuk Chiu, elder brother of the deceased, then made a short speech, after which the gathering bowed three times to the portrait of their late Chairman. The Dead March in "Gaul" was then rendered and the gathering dispersed.

GOVERNOR ASKS FOR MORE

Impressed With Badminton Display

A former badminton player and a keen enthusiast of the game, the Governor (Sir Andrew Caldecott) requested a special match to be played at the Hong Kong Badminton Association's exhibitions on Saturday.

After three doubles had been played Sir Andrew expressed a desire to see a singles match and L. A. Carvalho and M. A. Oliveira obliged.

The exhibitions, which were held at the Club de Recreio, brought the Association's season to a close. Trophies won during the season were presented by the Governor after the play.

President of the Association (Rev. J. R. Higgs), in thanking the Governor for attending, said badminton was becoming the most popular indoor sport in Hong Kong. The season had seen play of a higher standard with 25 teams representing 10 clubs competing.

Mr. Higgs congratulated the Club de Recreio on its success and remarked that some of the weaker teams had shown good sporting spirit in continuing throughout the season, although outclassed.

GOVERNOR'S PRAISE

It was encouraging, said the Governor, to find that Badminton had made such a magnificent start in Hong Kong.

He mentioned the progress the game had made in Singapore and stated that it appealed to all classes to such an extent that practically every vacant spot of ground was occupied with a badminton court. He was looking forward to a similar thing happening in Hong Kong.

Mr. F. H. Barnes, President of the Club de Recreio, also spoke. The night terminated in a dance. Results of the exhibition games were:—

Women's doubles:—Mrs. E. L. H. Shute (Fire Brigade) and Miss A. Mackenzie (Kowloon Tong) defeated Miss M. Smith (St. John's) and Miss M. Silva (Recreio), 21-10.

Mixed doubles:—L. A. Carvalho and Miss M. Silva (Recreio) beat Chan Shek-pui (C.R.C.) and Miss M. Griffiths (Fire Brigade), 11-15, 15-12.

Men's doubles:—J. J. Remedios and M. A. Oliveira (Recreio) beat E. L. H. Shute (Fire Brigade) and C. O. Lee (Elliot Hall), 8-15, 15-9, 15-5.

Men's singles:—L. A. Carvalho (Recreio) beat M. A. Oliveira (Recreio), 11-3.

HOUSEWARMING

No 2 Peak Mansions was the scene of a convivial gathering in the form of a cocktail party given by Mr. and Mrs. Alexander Kidd on Friday evening, which combined the functions of "housewarming" and a farewell party to Mr. E. C. Wilkinson, the popular manager of Messrs. Jardine Engineering Corporation.

Mr. Wilkinson relinquishes the management of the corporation and is shortly leaving for Home on retirement. Mr. Kidd succeeds him in the post. There were over fifty guests present.

BRIBERY CHARGE

Hearing Begins On Thursday

The hearing of charges of attempted bribery against Albert Randall, 27, unemployed, and seven Chinese, was fixed at the Central Magistracy, on Saturday, to begin on Thursday.

Randall and the Chinese are charged with having conspired to bribe Revenue Officer Mo Kang and other revenue officers with intent to influence them from prosecuting or from giving information which might lead to prosecution of certain offenders under the Optum Ordinance.

Mr. W. A. Mackinlay appeared for Randall and Mr. W. Brown for the Chinese.

Representing the Canton Fong Pin Hospital and other organizations in Hong Kong, Canton and Macao, relatives present were Messrs. Wong Shuk-chiu (elder brother), Wong Man-fai (son), Wong Man-yung and Wong Man-yung (nephews) Tan Pak-chuen (nephew) and Ng Kai-wing (godson).

"AT HOME" HELD

Wah Yan College

PAST STUDENTS MEET

An informal gathering of past students of Wah Yan College was held on Saturday night at the College Hall when the Very Rev. Fr. Gallagher, Rector of the College, was "At Home" to a happy re-union of members of the College staff and some 200 former pupils of the College.

In the course of the evening an excellent musical programme was presented, while various indoor games were also indulged in. Welcoming the guests the Rev. Fr. Gallagher said in part:—

"The College, which, amongst the educational establishments of Hong Kong, is a young one, numbers its past students in thousands. They are scattered all over the globe, and the W.Y.P.S.A. has been founded to bring together those near at hand, with the hope that in years to come those in other parts may also be brought together under the aegis of the parent association."

NEED OF CO-OPERATION

"To make this association what it really could be, considering the number of past students who are in Hong Kong, there is need of co-operation. I do not mean merely that co-operation, which the officials of the Association have so loyally given, and which has achieved so much, but rather the co-operation of the rank and file with the work of the officials, and with one another. Co-operation means self-sacrifice—and in this modern age self-sacrifice is a very necessary virtue. Co-operation may mean depriving oneself of a pleasure one may legitimately have in order to devote oneself and one's time to the good of the whole. I am sure that the spirit of collaboration is there and that I have but to mention the need of it in guiding the footsteps of a young association such as ours to get an immediate and earnest response. With that co-operation the success of the W.Y.P.S.A. is assured, and it is to help that co-operation by getting you to know one another as fellow workers in a grand cause that I welcome you here this evening."

"Wah Yan College is your college. You as Wah Yan students carry its name with you, wherever you go. You have done honour to the name in years gone by. Give it, by your whole-hearted loyalty to the Association, still greater honour in the years to come."

THANKS EXPRESSED

In proposing a vote of thanks to the V. Rev. Fr. Gallagher on behalf of the past students, the Vice-president of the Association, Mr. Kwan Yim Chor, said that Fr. Gallagher had "just stressed the point that the co-operation of the rank and file with the work of the officials and with one another is essential to our Past Students' Association. Our young Association cannot achieve all what we could wish, but I can confidently assure you that it has always been doing anything that may prove beneficial to us and the mother school. This assurance, I hope, will merit the unstinted efforts of V. Rev. Fr. Rector, who has rendered such yeoman service in forging the congenial spirit that has been maintained between us and the school."

"Ladies and Gentlemen, we have all enjoyed ourselves very much this evening. Allow me to thank our host again, not only for the evening's entertainment, but also for what is much more important still, his sound advice regarding the future of our Past Students' Association." (Contributed.)

JEW AND ARAB

The House of Commons debated recently the Jewish question of instituting a Legislative Council in Palestine. The Government, as Mr. Thomas pointed out have long been pledged to a measure of self-government. It was attempted as far back as 1922; but at that time the Arabs rejected it as not going far enough; it was raised again in the White Paper of October, 1930, where it was definitely stated that such a measure "must" be taken in hand without further delay. There "was" further delay; but on the 22nd December, 1935, Sir Arthur Wauchoppe laid before the Arab and Jewish leaders the proposals of the Government for a Legislative Council, proposals not differing widely from the system which had to be withdrawn owing to the Arab boycott in 1923. It does not at first sight seem to be a very daring experiment in democracy. The Council would consist of five official, eleven nominated unofficial, and twelve elected members, 28 in all; of the elected members eight would be Moslems, three Jews and one Christian; of the nominated three would be Moslem, four Jews, two Christians and two "Commercial." To the High Commissioner "would be reserved large powers both over money-bills and legislation and nothing would be allowed which 'calls in question the validity of the Mandate' (which presumably covers the Balfour Declaration).

The debate, being on the Consolidated Fund Bill, did not issue in a Division; but with surprising unanimity Members of every political party declared their opposition to the measure as dangerous and revolutionary. Even those democratic enthusiasts who without any hesitation had handed over helplessness and valuable British interests to our enemies in Ireland, India and in Ceylon, took up an entirely different attitude upon this very much more timid and cautious experiment. We never regretted more the absence of that intrepid Liberal, Sir Herbert Samuel, who did so much to promote self-government in Ireland; but his substitute, Sir Archibald Sinclair, showed himself more "reactionary" than any Tory in regard to Palestine. In this our politicians echoed the views of the Zionist organisation which is strong in its opposition to the measure. Thus Mr. Machover in his very interesting book, "Governing Palestine: the Case against a Parliament" (P. S. King and Son), has a chapter on "The Futility of Paper Safeguards" which might have been written by Lord Carson about Ireland or Lord Lloyd about India. Whereas the Hindu or the Sinn Feiner is allowed to steal the British horse, the Arab may be not so much as look over the Zionist hedge. What would Lord Reading or Mr. Montagu have said to such illiberalism had they still been with us?

For our part, we have never sought to disguise our belief that the East (whether Near or Far) is an unsuitable field for experiments in Democracy, however, carefully guarded they may appear to be. In Palestine the fear of the Zionists rests on the fact that the Arab majority hate the Jewish minority, and would like to make an end of the "National Home." They have reason for their fears, as the Mohammedans and the

OLYMPIC TEAM ON SHOW

Foreigners Win Close Game

Shanghai, Apr. 26. The "All-Star" Foreigners beat the China Olympic team in a soccer match to-day by three goals to two after leading 2-0 at half time.

With the exception of Darkey Chen the losers were all Southerners.

Brilliant goal-keeping by Boissezon and the fine defensive work of the foreign backs checked a persistent attack by the Olympic team. In the second half W. T. Lee and Lee Wai-long missed penalties.

Thirty thousand attended the match and a strong cross wind made ball control difficult.

The Olympic team will meet Chinese "All-Stars" on Wednesday.

CHINA'S MILITARY AWAKENING

Shanghai, Apr. 26.

Prompted by the zeal for armament expansion seen throughout the world and pressed by the strained relations between Japan and the Soviet Union, the Nanking Government has decided to bring its fighting forces up to full strength, says a Japanese report. In the event of a war between Japan and the U.S.S.R. the fighting would take place on Chinese territory, Nanking is said to feel, and the nation must be prepared to defend itself.

Following up this idea, a three-year plan for the building up of the militia until it totals 10,000,000 men has been drawn up, and the first step will be put into action in May. Forty high officers will be sent to points along the Shanghai-Nanking Railway, where about 3,500 University students will be trained for two months. Later the system will be extended to all parts of China.

In addition to forming young men's associations of farmers, artisans and merchants and training them in military science, a comprehensive plan for the education of military officers has been drawn up. Large stocks of war materials are to be stored for future use, and Belgian officers will be brought to China to build defence works around important seaports.

STABILISATION OF EAST ASIA

Tokyo, April 26.

At a reception to foreign correspondents, Mr. Arita declared that Japan was anxious to secure the stabilisation of East Asia, foster cordial relations between all countries, and contribute to world peace and the enhancement of the welfare of mankind.

"We consider it our sacred obligation to mankind to see peace and order preserved in these regions. China and Japan are bound by ties of blood, culture and mutual interdependence and must join forces for the furtherance of their common prosperity and well-being as two of the greatest nations in East Asia. We must strive to promote and perpetuate friendly and effective co-operation, which will go far towards ensuring stability in this part of the world."

VENEZUELA'S NEW PRESIDENT

Christians have reason for their fears in India. In the Palestinian massacre of 1929 133 Jews were killed and 339 were wounded, and the Zionists feel that the Arabs would use such powers as would be given to them for the purpose of pursuing this racial vendetta. Candor impels the impartial mind to admit that although the Zionists have done a great deal for the Holy Land, that although they have raised it to be a busy centre of trade, agriculture and industry, they are by no means popular either with the Moslems or Christians in Palestine. As for the British Government, like Don Juan, they find themselves in the grip of pledges which may have been convenient to make but are hazardous to fulfil.

If Gossip We Must

(BY "OLDTIMER")

Alas for the frailty of Gossip writers—at least two are sick, and even our new friend Citric seems unforthcoming this week. There has been so much to talk about too—so many farewell parties with the fleet all bound for the North, and so many old friends going on leave—or worse—going away for good. I was so sorry not to be able to go to either the "Guiders," "The International Club" or the "Busy Bee" parties which were given for Lady Southern, and which all seem to have been delightful in their different ways. All the above mentioned concerns owe their very existence to the wonderful organising ability and friendliness of Lady Southern and will miss her guiding spirit terribly.

The Dorsetshire cocktail party was as successful as a ship functioning always seem to be, and there seems to have been masses of people there, all looking very summery in light suits and gay dresses. Nobody wore uniform and everything was quite informal. The ship's band played marvellously and greatly added to the spirit of good cheer prevailing.

Mrs. Chisholm Batten and Mrs. Fersse were there, and Elizabeth Monkton looked charming in silver en route for a dinner engagement. Mrs. Seth Smith, and Major and Mrs. Campbell and Major and Mrs. Aistone were amongst the Army representatives.

The Cornwall gave a farewell party—also of the cocktail persuasion—on Friday, and they sail for home on Tuesday to the sorrow of their Hong Kong friends. The Commodore and Mrs. Sedgwick were there—the former in black, and Comdr. and Mrs. Oram. Mr. Jack Macgregor was surrounded by a bevy of friends as usual, and really there were so many well-knowns, and unknowns—whom we hope to soon know there, that if I once started on a list there would be no ending to this column.

In spite of all the departures there is one particularly popular couple who have returned to Hong Kong after a spell of Shanghai. Mr. and Mrs. Gordon Dodwell are with us again to our great satisfaction. We can do with any number of the delightful family of Dodwell in this Colony!

KING FUAD'S ILLNESS

Great Concern In London

London, April 25.

The news of the sudden and dangerous illness of King Fuad of Egypt was received in London with much regret. Press messages from Cairo this afternoon reporting some improvement in the King's condition encouraged hopes of his recovery, though it was realised his state was still very unsatisfactory.

The heir-apparent, Prince Farouk, came to England last October to study at the Royal Military Academy at Woolwich and he is residing just outside London. Newspapers state he is likely to return at once to Cairo.

British Wireless.

TEETH EXTRACTED

Cairo, April 25. King Fuad's condition remains critical, though slightly improved after blood transfusion this afternoon. It transpires that the remainder of the King's teeth had been extracted in the last few days. It is rumoured that the Crown Prince may be required to return to Cairo from England where he is undergoing a course of study.

LATEST BULLETIN

Cairo, Apr. 26.

A bulletin on King Fuad's general condition states that it is stationary. Local infection in the last twenty-four hours has not increased.

EARLIER REPORT

Cairo, April 25.

It is a strongly rumoured that King Fuad is dead. Despite the pessimistic rumours, the King was still alive this morning. A medical bulletin signed by six doctors says that the haemorrhage stopped at about midnight last night and since it did not recur he passed a relatively calm night, but his condition still causes grave anxiety.

The Sun Yat-sen University suffers a loss by the death of Professor Shen Tuan-nul, head of the sericulture department of the School of Agriculture, who was killed last Friday by an explosion of alcohol in the laboratory. "Peaceful Surrender" Report From Rome

ITALIANS PREPARE FOR FINAL BLOW

Mighty Caravans On Move

(Hong Kong Daily Press Special)

Rome, April 25. The Abyssinian Crown Prince with his bodyguard and numerous chiefs is now on his way to the Italian lines in order to negotiate with Marshal Badoglio regarding the eventual peaceful surrender of Addis Ababa, asserts a report received by the "Giornale d'Italia" from Djibouti, which adds that the army defending the capital has been placed under the command of the Abyssinian Crown Prince.—Transocean News Service.

AERIAL SEARCH FOR NEGUS

Several Italian planes again appeared over the Abyssinian capital on Saturday. The planes which came from the north and descended to an extremely low altitude carried out extensive reconnaissance flights over Addis Ababa and the surrounding district, and then returned to their base.

The planes so it is believed, had been sent out by the Italian High Command to ascertain the present whereabouts of the Negus.—Transocean News Service.

LAKE TSANA CONTROL

Rome, April 25. Italian troops have reached the southern shore of Lake Tsana according to an official communiqué issued here on Saturday and which states "one of our detachments advanced from Gondar and reached Bahardar Shiorgrins on the southern shore of Lake Tsana where the occupation of the entire region of Lake Tsana is now completed."

Our troops were everywhere given a friendly reception by the population.

On the Somali front, heavy fighting has been in progress in the Sassabaneh sector since Friday morning.—Transocean News Service.

COMPLETE OCCUPATION

Rome, April 25. Marshal Badoglio claims to have completed the occupation of the whole of the Lake Tsana zone by the capture of Bahardar, the southern point of the lake.—Reuter's Bulletin Service.

CONCLUDING THRUST

Rome, April 25. Announcing the occupation of Bahardar at the confluence of Lake Tsana and the Blue Nile by a column of white and native troops from Gondar, a message from headquarters in Dessie says that the Second Askari Division advancing southward from Dessie was reported to have encountered no resistance so far.

A series of gigantic caravans totalling 3,000 trucks are bringing up the last loads of men and munitions supplies preparatory to the concluding thrust in the campaign which is imminent. Military resistance capable of preventing the Italians reaching and entering the capital is not expected.—Reuter.

PLANES UNDER FIRE

Addis Ababa, April 25. Two Italian planes flew over the city this morning and approached near the ground when flying over the wireless station. The Abyssinians opened fire with rifles and the planes replied with machine guns though no casualties were reported.

A British observer returning to the capital after visiting Jijiga and Harrar stated that he was surprised at the little damage done to the towns considering the heavy aerial bombardment in which thirty seven bombers dropped 1,200 bombs.

It is officially stated that the Government is in constant touch with the Emperor, but his exact whereabouts are not given, fearing that Italian knowledge of his position might result in bombing.—Reuter's Bulletin Service.

FIERCE FIGHTING

Mogadiscio, April 25. The first stage of the battle of Sassabaneh yesterday was notably marked by the fiercest fighting so far on the southern front. The Abyssinians making every effort to stem the Italian advance which preceded a heavy aerial bombardment. It is estimated that forty planes dropped sixteen tons of high explosive bombs on Sassabaneh and Daggahmodo.—Reuter.

SASSABANEH TAKEN?

Rome, April 25. While only officially admitted that Sassabaneh is surrounded on three sides, reliable reports from the southern front state that the Italians have occupied the town. After reaching Daggahmodo a flying column turned south and marched into Sassabaneh.

Reports indicate that the Abyssinian "Hindenburg Line" has been broken and now there is no defensive line before Harrar and Jijiga.—Reuter.

DAGGAHMODE CAPTURED

Rome, April 25. It is officially confirmed that the Italian captured Daggahmodo on the Abyssinian "Hindenburg Line." An Abyssinian counter attack was repulsed.—Reuter.

ADVISER'S VIEWS

Stockholm, April 25. The Swedish General who was an adviser to the Abyssinian Government arrived home to-day. He stated that Italy must conquer Ethiopia before the rains come, which are due in two months' time. If the campaign continues after that period the morale of the troops will deteriorate during the four months' idleness caused by the rains. Furthermore Italy will be unable to stand the financial strain for another six months.—Reuter's Bulletin Service.

ITALIAN ADVANCE

Gorahai, April 24. The Italians are continuing their advance on the southern front. It is reported that a fast mobile column, under General Verne, has reached Daggahmodo and another column, under General Augustini, is reported twelve kilometres from Gubugadu. A central column, meanwhile, is making a spurt for Sassabaneh and Daggahmodo.—Reuter.

EARLIER CABLES

Addis Ababa, April 24. It is claimed here that the Italians lost thousands of native troops during the battle in the Ogaden region yesterday. This is the effect of an official communiqué.

The communiqué also claims that several aeroplanes were brought down by Ethiopian fire when they were flying low, machine-gunning the Ethiopian troops.—Reuter's Bulletin Service.

LEAGUE MANDATE ASSURANCES

London, April 25. A number of Conservative Members of Parliament who have manifested concern in the recent debates and in questions on the subject of retention by Great Britain of territories held under League Mandate have formed themselves into a Parliamentary group with a view to pressing for more definite and precise assurances than they believe have yet been forthcoming from Government that there is no intention of considering transfer of such territories.—British Wireless.

REARMING OF GERMANY

Churchill's Speech Under Study

Berlin, April 25.

So far there has been a complete blackout in the German newspapers on Mr. Winston Churchill's astounding allegations of the immense German expenditure on rearmament, although there is reason to believe that the full text of the speech was sent for information to the Propaganda Department.

Reuter sought the authoritative reaction and was informed that the German attitude to such statements always is that Germany is being made the scapegoat for British rearmament. "It would do more harm than good to take every speech made by members of the House of Commons as gospel," it was added.

However, Mr. Churchill's speech deserves careful study, after which the officials will decide whether it is worthy of an authoritative reply.—Reuter.

SPANISH FISHERMEN DECIDE TO STRIKE

SANCTIONS REPERCUSSIONS

(Hong Kong Daily Press Special)

Madrid, April 25.

The distress among the sardine fishermen on the north-west coast of Spain, which had been greatly aggravated by the sanctions against Italy and the ensuing stagnation in trade, has now resulted in a strike which threatens to paralyse the entire Spanish sardine industry. The crews of 300 fishing smacks in Vigo and the neighbouring fishing villages have ceased work and the strike movement is spreading rapidly so that the total number of strikers estimated on Saturday, was 10,000.

A delegation called on the Governor and demanded that the price for sardines, which at present fluctuates between three and four pesetas for 100 pounds, be fixed at 200 pesetas. It is also suggested that in order to relieve the distress of the fishermen, fish should be served twice weekly in the Army and Navy.

Some collisions occurred in Vigo when the fishermen from the province of Galicia attempted to market their goods. They were attacked by strikers and several persons have been reported to have been injured in the clashes. If the strike is not settled shortly, the Spanish canning industry will be severely affected.—Transocean News Service.

SARRAUT APPEALS FOR PEACE

Paris, April 25.

The electoral campaign closed with a broadcast speech by the Premier, M. Sarraut, in which he declared that all wanted to see France happier, prosperous, stronger and surer of her independence and security. That was Parliament's programme in a nutshell. They must work for peace without and peace within.

The Premier added for the French economic recovery will be complete and the end must be put to economic anarchy in the world.—Reuter.

TANGIBLE REWARDS TO RESCUERS

TRICK ON AIR POLICE

Amusing Incident In France

(Hong Kong Daily Press Special)
Paris, April 25.

The Abyssinian Government's technical adviser on air questions, the French aviator Drouillet, created general amusement here on Saturday by a successful trick which was played on the French Air Police.

On the Abyssinian Government's behalf, Drouillet had purchased an aeroplane in the United States which was duly shipped to a French port whence Drouillet flew the machine to the Villacoublay aerodrome near Paris where the authorities attached it under the pretext that it had been illegally imported into France.

At the aviator's request the authorities, however, agreed to place the machine at his disposal for a "trial flight" pending the decision of the courts to which Drouillet had appealed against the attachment. The airman thereupon took the plane out on Saturday for the "trial flight" in question, but he failed to return.

Though a number of police aeroplanes started in hot pursuit, they have, so far, not discovered the fugitive.—Transocean News Service.

WARRANT ISSUED

Villacoublay, Apr. 25. A sensation was caused by the disappearance of the airman Rene Drouillet with his aeroplane ordered for the Emperor of Abyssinia.

Drouillet announced his intention to pilot the machine to Abyssinia, but the authorities banned the machine leaving France. Drouillet sought and obtained permission to remove the machine from the hangar in order to test the mechanism, and secretly filled the tanks with sufficient petrol for a thousand-mile flight. Suddenly he took off and flew away before the guards recovered from their surprise.

The magistrate has issued a warrant against Drouillet for "making off with an object which had been placed under judicial seals."—Reuter.

REPUDIATION OF TREATIES

Bulgarian Action Rumoured

DATE PREDICTED

(Hong Kong Daily Press Special)

Sofia, April 25. The Crown Council, attended by King Boris as well as Premier Kusselvanoff and the entire Cabinet, held a meeting on Saturday.

Although a statement which was issued at the conclusion of the Crown Council which lasted for four hours merely states that various ministers reported to King Boris regarding the past and future work of their departments, rumours persist here that the question of repudiation of the military clauses of the Treaty of Neuilly was discussed by the Council.—Transocean News Service.

OFFICIAL DENIAL

Sofia, April 25. Rumours declaring that the Bulgarian Government decided to repudiate the military clauses of the treaty of Neuilly are emphatically denied by official quarters here. A statement issued by Premier Kusselvanoff declares that the Crown Council on Saturday under the Presidency of King Boris did not reach any far-reaching decisions but merely discussed the general political situation.—Transocean News Service.

PARIS REPORT

Paris, April 25. The impending repudiation of the military restrictions imposed on Bulgaria by the Treaty of Neuilly is predicted in a report received by the paper "Paris Soir" from its Belgrade correspondent. The correspondent declares that the question of repudiation of the Treaty of Neuilly was discussed by the Crown Council held in Sofia on Saturday, under the presidency of King Boris of Bulgaria, and asserts that the renunciation of the military clauses and restriction of Bulgaria's armaments will shortly be announced by the Bulgarian Government.

The correspondent expects that the announcement will be made on St. George's Day, May 6, which is a Bulgarian national holiday.—Transocean News Service.

PONTINE MARSH RECLAMATION

Mussolini Officiates At Ceremony

(Hong Kong Daily Press Special)

Rome, April 25.

The foundation stone of the fourth town created on the reclaimed Pontine marshes was laid down on Saturday by Signor Mussolini in the presence of thousands of workers and peasants from the neighbouring communities. The new township has been named "Aprilia."

Duce stressed in a short speech Fascist Italy's "methodical, steadfast and unconquerable determination" manifesting itself in the reclamation and colonisation of the Pontine marshes as in the victorious East African undertaking.

After announcing that the fifth and last centre of administration in the reclaimed district the town of Pomizia, will be inaugurated on October 29, 1939, Mussolini went on to say that "the work of reclamation and colonisation will then be completed and a new victory will be won in the series which the Italian nation has planned and amply deserved."

According to time-honoured custom, Duce then proceeded to trace with a plough share a furrow marking the boundary of the new township. A document enclosed in the foundation stone states that the town has been founded on "the 160th day of the economic age."—Transocean News Service.

JERUSALEM QUIET

TWO ACCIDENTS IN THE CHANNEL

Famous Sailing Ship Wrecked

VESSELS IN COLLISION

London, April 25.

Two accidents to shipping occurred in the Channel this morning. In the early hours the Finnish barque Herzogin Cecilie, one of the most famous of sailing ships that take part in the annual grain race from Australia to England, went on the rocks between Bolt Head and Tait in South Devon. The Salcombe lifeboat rescued the Captain, his wife and thirty members of crew. The barque is likely to be a total wreck.

Later this morning the 19,818 tons Orient liner Orama was in collision off Deal with the Yugoslav 3,624 tons steamer Sveti Dujce. The Orama had no passengers on board and both ships were able to proceed to port under their own steam.—British Wireless.

VESSEL ABANDONED

(Hong Kong Daily Press Special)

London, April 25. The famous Finnish—but German-built—four-master Herzogin Cecilie which had just made a record journey from Australia to England in the annual "wheat race" met with a tragic fate shortly after leaving Falmouth harbour on Saturday. The ship which had covered the distance from Australia in 86 days arrived in Falmouth two days ago and ran on a rock off the coast of Devonshire and was completely wrecked.

The Captain, his wife and the entire crew have been saved, but the vessel together with its cargo of wheat, pigs and poultry had to be abandoned.—Transocean News Service.

BADLY BATTERED

London, April 25. Late this afternoon the Herzogin Cecilie was badly battered by a heavy sea and a lifeboat was unable to run alongside. The crew of twenty two has been taken off, but the Captain and his wife are still remaining on board.

Coast Guards fear that the vessel will become a total wreck.

A lifeline from the cliffs to bring the couple off by "breeches buoy" will be tried if the need arises.—Reuter.

STORY OF RESCUE

London, April 25. A graphic story of rescue was

told by Miss Diana Firtin, a schoolgirl friend of the captain's wife, when taken off on a lifeboat from the Finnish windjammer Herzogin Cecilie, the largest sailing ship in the world, which went ashore on the rocks near Salcombe, South Devon, last night.

She said she was asleep at the time of the grounding and was awakened by the captain's wife. Everybody was very calm and packed their belongings and awaited the arrival of the lifeboat. Two holds were full of water when, shortly after dawn, the fog lifted a little. A lifeboat came alongside and Diana and 22 members of the crew were taken off.

The captain refused to leave the ship and his wife, formerly Pamela Bourne, daughter of the late Sir Ronald Bourne, Secretary of Defence in South Africa, insisted on remaining at her husband's side. Several members of the crew also remained aboard, though they feared that the vessel would become a total wreck.

Pamela Bourne, an Oxford B.A., wanting to see the world in an orthodox way, worked aboard the Herzogin Cecilie, taking her turn at the wheel and ropes. She married Captain Erikson in September and regarded the present voyage as her honeymoon.—Reuter.

CHURCH RELICS REMOVED

Spanish Wave Of Disorder

(Hong Kong Daily Press Special)

Madrid, April 25. The extremist left wing elements forced their way into the parish church town of San Juan de Aznalfarache and after removing all the crucifixes and images of the saints, declared the building to be henceforth "the people's house."

From all Spanish provinces reports continue to pour in of arrests of adherents of the right wing parties and of the suppression of right wing organisations.

Fifty five right wing sympathisers have been confined to prison in the town of Torrelavega whilst in Villanueva Dela Jara the offices of the association of the "Catholic popular action" have been closed down without any reason being assigned and in the town of Vivero the Catholic Youth Organisation has been dissolved.—Transocean News Service.

ELECTION OF DEPUTIES

Atmosphere Of Calm In Paris

Paris, April 25.

Polling at the election of deputies opened very quietly in an atmosphere of calm which characterised the whole campaign. Polling stations opened at 8 a.m., but almost an hour before voters began to trickle in. President Lebrun was among the earliest voters who walked to the polling station. Voting was more brisk by noon; a stream of electors arriving at the rate of four every minute and continuing until 6 p.m.

The results will be broadcast from the Ministry of Interior until the early hours, but the real issue of the struggle between the Left and Right will not be known until the second ballot on May 3.

The twelve Ministers and five Under-Secretaries standing are regarded as sure for re-election and there are also prominent men such as Herriot, Daladier, Marin, Franklin Bouillon and Bouisson. The newcomers are expected to include Jean Chappe, former Prefect of Paris Police.

In two quarters Paris suffragettes established unofficial polling booths with cardboard hatboxes as ballot boxes into which men as well as women showed sympathy by dropping sham voting papers.—Reuter.

CLUB LOSES CHANCE TO BE RUNNERS-UP

Surprise Overthrow By Lyeemun

POLICE-ATHLETIC DRAW

Whatever chances the Hong Kong Club had of being runners-up in the first division of the football league were completely shattered yesterday when it bowed down in defeat to the lowly placed R.A. Lyeemun team, by four goals to one, in a game that saw the Artillerymen come into their own with a rather belated effort.

Even at the expense of the draw with the Police, the Athletic is assured of being runners-up for even if the Fusiliers win their remaining two games, they will finish up with the same number of points as the Athletic, who however, still have a game in hand.

The Club assuming that it wins its remaining three encounters will finish level with the Fusiliers.

Saturday's games went much as expected, although the Club had had luck in drawing with the East Lanes. The Navy did well to defeat the Rifles, after playing six reserves.

Fail Before R.A. Attack

KNIGHT'S FOUR

The Hongkong Football Club was surprised by the R.A. (Lyeemun) yesterday when the Gunners, defeated them by four goals to one, after one of their best displays this season.

The Club was obviously suffering from the effects of a strenuous encounter against the East Lanes, on Saturday. Robertson was missing from the team too and this greatly weakened the play.

On the other hand the Gunners betted their lowly position on the league table (they are second last) and played a game that would have given any of the league leaders a run for their money.

Knight (centre forward) for the Gunners had a day out, and scored three of the soldiers' goals, Haldane (inside right), getting the other.

Elliott was the only Club forward to beat MacKrell. The Artillery goalie played splendidly in the second half and towards the end of the match, brought off fine Gunners had a day out, and scored and T.A. Pearce.

The first half saw end-to-end play with Rogers and MacKrell letting nothing pass. Elliott went forward from what appeared to be an offside position but his effort was cleared.

Not many minutes later from an obviously offside position he received a pass from Bickford, and placed the Club one up. The half time whistle then sounded.

ELLIOTT JUST MISSED

Resumption of play saw the Artillery men attack resolutely, but they could not penetrate. Elliott at the other end what favourably placed balkoned the ball over the bar.

Attacking again, the R.A. should have equalised but Knight chose to pass when in the penalty area, and Haldane finished weakly.

Knight was not to be denied however, for he was soon in a dangerous position again. This time he shot with a hard drive and the ball struck the upright for E. Strange to handle and he penalised. Knight took the spot kick and beat Rogers with a grounder.

Pearce was given the chance of a lifetime to put the Club in the lead again, but he hesitated and the ball went to F. Fowler who shot wide of the upright.

The Club attacked again, and MacKrell in attempting to save a shot that struck the cross bar, hung on to the bar, and should have been penalised. However the

referee apparently did not see this foul. Haldane put the soldiers ahead after receiving a spoon-fed pass from Knight.

FURTHER AHEAD

The Artillery increased its lead when Knight netted with a neat shot that had Rogers beaten all the way. With the soldiers enjoying the better of the exchanges, Rogers was called upon to save his citadel at full length from a shot by Knight.

The resultant corner was wasted when Cooper handled. Offside against the same player saw a goal by Knight disallowed while at the other end Elliott sent in a hard drive which MacKrell saved at the expense of a corner.

Pearce later broke through and brought the Artillery goalie to his knees in effecting a save. Boyle at this stage, in attempting to check Elliott hurt himself, and play stopped for a few minutes. He recovered however, and resumed play without leaving the field.

After a breakaway on the right by Barford, Knight received a neat pass and netted the fourth goal for the Artillerymen. The final whistle blew with the soldiers still attacking.

Club: Rogers, Nicholls and S. Strange; Brown, Farrow and E. Elliott; B. Fowler and Bickford. R.A. Lyeemun: MacKrell; Boyle & Clancy; Taylor, Morton and Lucas; Barford, Haldane, Knight, Cooper and Rivers.

In drawing with the police at Caroline Hill, Chinese Athletic was fortunate as the Police had two presentations which went begging.

The Chinese, however, played spirited football in a depressing manner and seemed unable to do anything right. In every way the Police had the better team and had the better of the game from all angles.

The whistle went for half time when the ball was in the air travelling in a lovely centre from a corner on the left. It dropped right in front of the Police goal.

Whether or not it was the effect of the rather brisk wind, the passing of both forward lines left much to be desired as regards accuracy.

The ground was rather heavy after the rains of the past few days, and this did not aid in accuracy but the slippery ground did not account for all the bad passes.

The forwards lacked initiative and definite movements and it was only towards the end of the game when both teams partially woke up to the passing of time without a goal being scored that something like spirit was put into the game.

TAME PLAY

The game opened with rather innocuous attacks at each end. These were dealt with very efficiently by the sterling defences of both teams. Chan Yung-kwong, the Chinese left back, was especially fine in the early part of the

game, relieving pressure with sure-footed and powerful kicks. His partner Mak Sul-hon was overshadowed but nevertheless safe.

Backburn and Brittain, the Police backs were as staunch rocks; seldom did the ball go to MacHardy in goal, and when it did, MacHardy dealt with it in no uncertain manner. One of his saves against a terrific shot from the right was outstanding.

North, Brooks and Parker, the Police halves, played a very hard game. The greater part of the match was in midfield and consequently these sturdy defenders had the greater part of the burden. The same is to be said of the Chinese halves.

C. Pile, on the Police right wing, sent in some very fine centres, one of which should have been a goal, had Stevens only judged the ball's flight correctly.

BAD MISSES

Then came the greatest disappointment of the day for the Police. Stevens and the Chinese goalie both rushed for the ball. Stevens got his foot to the ball first and sent it across to a waiting man, who with nobody in the goal and only three or four yards away, ballooned over the bar.

For this to happen once in a game would be bad enough but twice, as did happen yesterday, was a bitter pill for the Police team to swallow.

It was a very unlucky day for the Police for the game was theirs. They played better football and at times showed a better understanding. Athletic was without its "star" players, "Darkie" Chan and Suen Kam-shun and this might have had its effect on the team.

KOWLOON TROUNCED

The apathy of the forwards in front of goal, led to Kowloon being defeated by the Royal Welch Fusiliers by four goals to nil on the Kowloon ground at Chatham Road. The game was entertaining, and whereas the Fusiliers made use of their opportunities when favourably placed, the reverse must be said of the Kowloon line, led by G. White.

Harrison scored the first goal when he neatly tapped the ball past Boyes and Roberts put the soldiers further ahead when shortly before the interval he beat the Kowloon custodian with a powerful drive. Although being led by two clear goals, Kowloon during this half did their share of attacking, but weak finishing, or more often than not weak kicks on the part of the Kowloon attack, let them down time and again.

Hughes netted the third goal, and almost as the final whistle sounded Dennis obtained a further point after a clever piece of work. Kowloon supporters were greatly disappointed with the showing of their side, for the score was no criterion of the game.

Kowloon:—Boyes, Everest and Willis; Eastman, Bliss and Boyd; W. Knox, Winch, G. White, V. White and Bonnell.

Fusiliers:—Rowlands; Wheeler and Keating; Wanklyn, Talbot and Ellis; Hughes, Harrison, Evans, Dennis and Roberts.

CLUB SHARE POINTS

A game full of interest was witnessed on the club ground at Happy Valley on Saturday when the Club met and shared points with the East Lanes, the score being one all. Club's forwards were in brilliant mood and were well led by Elliott, but the soldiers countered their method of play, with a solid defence that withstood onslaught after onslaught, Oxford, in goal for the East Lanes were conspicuous in this respect and he was well backed up by Swain, the interporter, and Steel (full backs).

T.A. Pearce, after several games of only mediocre ability, came into his own on Saturday, and was instrumental in obtaining the Club's first point, which was netted by Elliott. Just before half-time, Harmsworth equalised. The second half was replete with thrills as citadel underwent narrow escapes. Pearce

LOCAL YACHTING

Sweepstake Race.

EUNICE WINS

A mixed classes sweepstake sailing race, under the auspices of the Royal Hong Kong Yacht Club, was held over a course of 9.3 miles on Saturday and was won by Eunice, piloted by Capt. G. Thomas. There were six entries.

The Tai Yat cup was re-sailed yesterday, but was not finished and, owing to the close of the season, it will now be impossible to determine the winner this season.

Results of yesterday's sweepstake race were:—
Yacht Finished Pos.
Carpenter 16.20.54 5
(Miss L. C. Edwards)
Lobo 16.18.20 4
(Major B. B. Edwards)
Isabel 16.17.12 3

Painted Lady 16.17.09 2
(Major F. C. Booty)
Eunice 16.29.45 1
(Capt. G. Thomas)
Ariel did not finish the course.

With several fine drives, deserved better success but Oxford in goal played the game of his life. Towards the end of the game, Ridings (East Lanes) struck the upright with a shot that had Rogers beaten all the way, while at the other end Pearce brought Oxford to his knees in a spectacular save.

By virtue of dropping a point in this encounter, the Club have seriously jeopardised their chances of finishing up in the runners-up position of the Senior League Championship.

Club:—Rodger, Nicholls, S. Strange; Robertson, Farrow, E. Strange; Skinner, Pearce, Elliot, Brown and Bickford.
East Lanes:—Oxford, Swain, Steele, Thorpe, Lawton, Gorman; Smith, Sandford, Harmsworth, Ridings and Eckersley.

RECREIO FIGHT TO END

South China "B" forwards had their shooting boots on, on Saturday, when they trounced the Recreio lads by six goals to nil in an encounter which though the score might belie the suggestion, was not without good football.

The finishing of the Chinese forwards was superb, and in this respect, their superiority was most marked. The Recreio on the other hand were one man short, and in addition to this handicap, fielded only three members of the regular first eleven. In spite of this depletion, A. V. Gosano and his men worked valiantly, and were only led by two goals scored through Ng Po-kui and Ho Ka-keung at half time.

Recreio had their share of attacking but Gomes was guilty of passing when favourably placed to colleagues when they were marked, while Campos missed several opportunities by wild shooting.

In the second half the Recreio defence went through a grueling time. Four further goals were netted against them by Ng Po-kui (2) Henry Young and Lai Shui-wing.

Midway through this half the Recreio defence recovered sufficiently for Gosano to feed his forwards with neat passes, but the youngsters in the Portuguese team found the Chinese defence more than they could penetrate.

NAVY IN FORM

In spite of fielding no less than six of their reserve players, the Navy Senior side defeated the Rifles on Saturday at Causeway Bay, by the odd goal in three, after a thrilling encounter. Both Wratton (Navy) and Chivers (Rifles) the respective custodians played great games, and were materially responsible for keeping the score down.

On a slushy field the Senior Service were the first to find their feet, and the opening exchanges gave promise of an exciting game. Spectators went away at the end of a grueling contest well satisfied with the fare dished out by both sides. Spicer and Gould were early conspicuous with splendid efforts in

MAMAK HOCKEY

Vital Game Postponed

The Mamak hockey match between Radio Sports Club and the K.I.T.C., scheduled to be played yesterday on the Radio ground, and which would have had a strong bearing on the destination of the trophy, was postponed, due to the sodden condition of the ground which made play impossible.

The game has been fixed for Thursday, but off at 5 p.m. on the same ground.

SCHOOL SPORTS

First Heats To Be Run To-morrow

Heats in the contests in the inter-schools athletic competition will be held at Caroline Hill to-morrow at 2 p.m. Finals will start at 2.15 p.m. on Friday at the same ground.

At the conclusion of the sports the prizes will be distributed by Mr. G. R. Sayer, Director of Education.

front of goal, but Chivers was on his toes and brought off good saves. Playing in a more business like manner than their opponents, the Navy attacked incessantly for the first quarter of an hour, and were rewarded when Spencer obtained a point.

McGonigal, Coyote and Ballard, the Army eleven intermediary line then came into their own and matched their skill against the nippy Navy forwards with success. No further scoring took place.

On resumption of play Doran put the Navy further ahead, but Lindsay reduced their lead a few seconds before the final whistle blew. The Rifles were unlucky when a drive by Moore was saved on the goal line by Nicholson (full back) when Wratton (the Navy custodian was well beaten).

Navy:—Wratton, Hills and Nicholson; Clarkeson, Wride and Tuffnell; Baxter, Doran, Spencer, Gould and Wearmouth.
Rifles:—Chivers, Pickering and Stevens; McGonigal, Coyote and Ballard; Ervin, Doherty, Moore, Lindsay and Hartigan.

S. CHINA DRAW

In an uninteresting encounter the Rifles drew with South China, each side netting once on Saturday, at Chatham Road. There was no scoring in the first half, but resumption of play saw Lee Wing on score for the Chinese. Sullivan equalised before the final whistle sounded. On the run of play, the soldiers should have won easily.

KOWLOON DEFEATABLE

Kowloon Juniors were defeated by nine goals to two by the East Lanes, on the Railway ground on Saturday. From the commencement the mainlanders never had a chance, for only eight men turned out for them!

The goal-scorers were Cox (3), Crook (2), Tuley, Ratcliffe, Mather and Power for the East Lanes, while Power (own goal) and Gutierrez netted for Kowloon.

EASTERN WIN

In their last match of the season, the Combined Corps went down to the Eastern by four goals to two after an interesting encounter.

AN AUSPICIOUS START FOR CRAIGENGOWER

Triple Victories In Lawn Bowls League

An auspicious start was made by the Craigengower Cricket Club in the Lawn Bowls Leagues on Saturday when despite the heavy showers earlier in the day all three of their teams were able to carry out their fixtures and to be able to bring off the "triple victories".

The sensation of the day was brought about by their "C" team in the junior division when they were able to inflict a nine shots victory over last year's champions, the Kowloon Bowling Green junior, which was due to a 22 shots lead by A.A. Lewis's rink over W.S. Drake's four. This was the only junior game of the day as the other matches were unplayed due to the sodden condition of the green.

The Kowloon Bowling Green seniors had an easy task against the Indians, emerging victors by 46 shots, while Recreio also won at the expense of the Civil Servants.

WEEK-END FOOTBALL

(Continued from Page 10.)

Chan Ping-to netted first, but Attoe equalised not many minutes later when he charged the Eastern goal over the goal line. The Corps pressed hard but had finishing nullified their efforts. In two breakaways, Sabhan and Chan Ping-to increased the lead for the Eastern.

The second half saw the Corps reducing the lead when Worsford beat Ip Yan Foot, but Cheung Shm Hong put the final decision beyond doubt when he scored another point for the Eastern.

CLUB ROUTED

The Club juniors were routed on Saturday in an encounter against the Rifles team, when they were defeated by four clear goals. Payne in goal for the losers, player creditably but was poorly supported by the other Club defenders.

At the interval the Riflemen led by three clear goals, Farrell (2) and Boyd obtaining the points. Resumption of play saw the soldiers take things more easily, with the result that the standard of play deteriorated. Boyd obtained his second goal when he converted a pass by McNeelan.

MORE MODERN COIN DESIGNS

London, April 6.

I understand that the King is anxious that the new coinage of medals should be thoroughly modern in design. A tentative design submitted to him recently was pronounced too classical in conception.

Thus it is possible that to make up for our numerous other shortcomings in modern architecture and design we may produce a really modern coinage.

Mr. Eric Gill, who is likely to be among those asked to submit

BADOGGIO DIFFICULT TO REWARD

London, April 9.

Signor Mussolini's congratulations to Marshal Badoglio on his latest victories are only the most recent of a series sent during the last two months.

The first Tembien battle at the end of January brought warm thanks "to your Excellency who projected the operation." The second was described as a victory "which is due to the genius and energy of your Excellency."

This praise, would seem to fore-shadow reward. But with Marshal Badoglio this is not so easy.

The Marshal is head of the combined Navy, Army and Air Force. He holds all the highest orders and decorations.

He is a member of the strictly limited Order of the Annunciation. This is the Italian equivalent of the Garter and Order of Merit combined. Its members become the "cousins" of the King of Italy.

THE DUCE'S ONLY CHANCE

As a Knight of the Annunciation he is ex-officio a Grand Cross of the Order of St. Maurice and Lazarus.

He is also a Grand Cross of the Military Order of Savoy, the highest military order, and Grand Cross of the Order of the Crown of Italy.

He was made Marchese di Sabotino by the Duce in 1929 for his services at the battle of Sabotino during the War.

There is, however, one chink in the Marshal's armour. He is only Grand Officer—not Grand Cross—of the highest Colonial order, the Colonial Order of the Star of Italy.

The Duce will probably go for that.

designs, has done work for the Government before in designing the new postmen's badges, and has in the past been requested to submit designs for coins and stamps.

"BOONDOGLING"

London, April 6.

America has a new word—"boondoggling." Its approximate English equivalent is "wandering." The word is soaring in popularity. There are daily stories in the newspapers of the latest "boondoggles," and there is a song on the subject.

The most recent "boondoggle" is the "New Youth-Veteran Movement," launched in Princeton University. It is proposed that every young man and woman shall receive forthwith a bonus of a thousand dollars. "Inevitably we shall be dragged into another war," say the organisers, "so let us have our bonus now, when we can enjoy it. Instead of having to wait for years."

HIGH STANDARD WANTED

Recruits For The Army

The general annual report on the British Army for the year ended September 30, 1935, was issued last month.

Recruiting for the year, it states, was productive of very much the same results as the year ended September 30, 1934, the number finally approved being 25,681, an increase of 117.

The report points out that while the proportion of applicants rejected at sight before having been served with a notice paper remains remarkably constant, it is satisfactory to note that the proportion of physical, medical, and educational rejections is showing a decline, which was particularly marked during the first six months of the year under review compared with the corresponding period in the previous year.

THIRD MAN APPROVED

In general terms, the report proceeds, "the present situation is that if three men came forward to enlist, one is rejected at sight, the second is rejected for physical, medical, or educational reasons, and the third is finally approved."

It can be said, therefore, that as far as the quality of the men coming forward is concerned the trend is in the right direction, but the disquieting factor is the falling off in the number of applicants. There were 80,203 applicants last year, against 68,061 this year, producing a decrease of 12,142. Luckily, this decrease is more than offset by the corresponding fall of 12,259 in the number of rejections.

BIG PROBLEM

The problem now facing the recruiting service is how to stem the downward trend in the numbers applying to join the Army.

With the rejections at their present reduced rate some 75,000 applicants a year should suffice to produce the required numbers. The solution of the problem would appear to lie in increased publicity for the Army. Recruiters find that a large section of the public are ignorant not only of the role performed by the Army in peace, but also of the general conditions under which a soldier lives and works.

An effort to dispel ignorance on the latter point was made this

BUDGET SECRET LEAKAGE

Government to Make Statement

London, Apr. 25. In connection with the last-minute heavy insurances against an increase in the income-tax and tea duty on Budget day, Lloyd's Committee have asked the underwriters to ascertain from the brokers the names of the clients for whom such insurances were effected.

It is reported that the Treasury is also in touch with the City concerning the matter.

Mr. Neville Chamberlain, Chancellor of the Exchequer, is expected to make a statement in the House of Commons on Monday, when the whole matter of the leakage of budget secrets, which caused the rush to insure, will be raised. It is understood that the amount the underwriters will be called upon to pay is a least £100,000, which is over ten times the normal sum.

Reuter.

GRAVE CONCERN

London, April 25. On the day before the budget and on the morning of the budget itself the insurance market experienced a sudden abnormal rush for cover against increases in the income-tax and the tea duty. The insurances reached about ten times the amount of cover usually sought on these occasions, and the premiums paid were three to five times higher than normal for budget risks.

Although the occurrence may be a matter of coincidence, special circumstances have given rise to the suspicion of a leakage of budget secrets, and grave concern has been aroused in Parliamentary circles as well as in the City. The Committee of Lloyd's has the whole matter under investigation, and the Treasury is understood to be in close touch with them.

The subject has already been raised in the Commons and a question will be addressed on Monday to the Chancellor of the Exchequer, who, if the enquiries, official and unofficial, are felt by then to have proceeded far enough, will make a full statement.

FRENCH QUESTIONS TO GERMANY

London, Apr. 24. The French Government wants the following questions asked:

1. Does Germany accept the condition that she will join the League of Nations?
2. Does Germany accept the Statute of Danzig, the status quo of Memel, and the independence of Austria?
3. Does the German declaration favour a Western European air pact, and does it include her willingness to negotiate an agreement on air armament limitation?
4. Does Germany, while willing to conclude non-aggression pacts with countries on her western borders, also admit the right of those powers and their neighbours to conclude mutual assistance pacts?
5. Does Germany reject unilateral cancellation of engagements for the future?

There is no likelihood of this questionnaire being communicated to Berlin before the end of next week, and it is probable that negotiations will be conducted through strictly diplomatic channels.

DEATH SENTENCE REPRIEVE

San Francisco, Apr. 24. Unless a reprieve is granted, the gallows will operate to-day against two kidnapers, despite the effort at intervention by the British Foreign Office.

Alexander Mackay, a Glasgow man, and a companion named Kristy, were sentenced to death for kidnapping a wanderer during an attempt to break prison where Mackay was lodged for robbery.

The British authorities have actively interceded and contributed to the case of Mackay's defence and late yesterday requested a delay in execution to allow time for an appeal. The Governor of California replied to the British message, saying he considered the sentence fair and just.

Mackay's counsel said yesterday he regarded a reprieve as certain, and says he is thunderstruck by the Governor's refusal.

Reuter.

San Francisco, Apr. 24. It is confirmed that Alexander Mackay and Kristy have been reprieved, about an hour before the time set for their execution.

A PRINCESS OF 3,600 B.C.

Found Intact Among Pyramids

PRESERVED IN MUD FROM NILE

Cairo, Apr. 5. The body of a princess, who died about 3,600 B.C., has been found intact in her tomb by Prof. Selim Hassan, who has been excavating among the Giza Pyramids, writes a correspondent.

The body was covered with layers of fine Nile mud, which had penetrated into the tomb during a flood. This mud had preserved the body.

Patently and delicately—for the mummy is extremely fragile—Prof. Hassan removed the layers; it took him 54 hours.

He was incapacitated for a considerable time by noxious gases from the tomb.

The tomb, the discovery of which I reported in The "Daily Telegraph" a week ago, is believed to be that of a daughter of Chephren, the Pharaoh who built the second highest of the Pyramids. It was blocked by four huge limestone slabs and sealed with a cement-like substance.

ORNAMENTS OF GOLD

The professor found the face and jaw of the princess especially well preserved. Round her neck were three threads of gold, two of them intertwined.

Another necklace, of gold and cornelian beads, was found in the ground. It had dropped from the body, as a result of the threads perishing. With it were two gold weights, which hung behind the neck to keep the necklace in position.

The princess was reclining sideways. Her headrest is of plain gold, with streamers of copper and gold round the face.

On each arm is a bracelet of thin gold and round the wrist is a girdle of copper covered with gold leaf. Gold circles are on the legs, and there are two heaps of gold at her feet.

The body is so fragile that the work of excavation will be very slow for a long time.

NEXT VOYAGE OF "HINDENBURG"

Berlin, Apr. 25. Preparations are being made for the airship Field Marshal von Hindenburg to make a voyage to Lakehurst in May. Reserve engines will in future be placed at Lakehurst, and Buenos Aires in case of emergency. Dr. Eckener, despite the rumours to the contrary owing to his alleged disgrace with the Government, will command the Hindenburg on the voyage across America.

Another Zeppelin has been authorised to be erected very shortly. It will be the LZ 131. The LZ 130, a sister-ship to the Hindenburg, the construction of which was begun some time ago, will be completed shortly. A new shed has been built to speed up construction.

"SCOTS ALOOF AND SELFISH"

"Prejudices" Faced By Overseas Students

London, Apr. 5. The "prejudices" with which the overseas student in Scottish Universities is confronted were the subject of some outspoken criticism at the conference of British and overseas students, which was resumed yesterday at the Hydro, Melrose.

Practical steps which the University authorities and students themselves might take to overcome the difficulties facing the overseas student in securing cultural contact with British students will be the subject of recommendations at the conclusion of the conference.

Overseas delegates constitute fully half of the 100 students at the conference, the chairman of which is Mr. Drummond Wilson, last year's president of the Student International Club in Glasgow.

Mr. S. R. Captain, an Indian student at Glasgow University, said he did not think the market value attached to a British degree was so strong an attraction as formerly in view of the improved opportunities for technical training now available at Indian Universities.

Parents felt, however, that there was something in British University training making for better men in character and efficiency.

But he did not think that the overseas student of to-day enjoyed the freedom of contact with British students that was operative when their parents studied in Britain.

There was a tendency to segregate themselves nowadays in national groups, and instead of getting anything characteristic of British culture they developed a morbid desire for dancing and picture-going.

In other a few cases were healthy contacts made by overseas students with either British students or residents in the cities to which they came. He suggested that University authorities should do something officially towards the planning of goodwill and camaraderie between home and overseas students.

THE SHARE MARKET

Harriman's Weekly Review

Saturday, April 25.

Messrs. G. A. Harriman & Co.'s weekly share report and market review issued at noon to-day states:—

We have experienced a very active market during the week under review and rates in all sections were very well maintained and in many instances showed slight gains. Trading was again very brisk in that popular stock 'Cements' and Gold mining shares had a good share of the business with Antamoks and Demonstrations drawing most attention. Local investment issues continued in demand with Hongkong Trams put through in quantity between \$10.80 to \$10.95, Hongkong Electric at \$51.50 and Telephones (old) at \$251 had a good turnover.

Star Ferries improved on strong demand to a buying rate of \$88. Dairy Farms came to business at \$20. Hongkong Lands showed very little change with persistent sellers at \$33, buyers holding off for \$33.00. Minor issues were very active with Cements playing the leading role, a very large business having been done at \$9.70 to \$10.40 for cash and corresponding rates for forward deliveries. Hotels suddenly improved to \$5 closing with strong enquiries at \$4.90.

China Lights (old) fluctuated between \$10.55 and \$10.95, the new shares were wanted at \$7.30.

Providents (old) were on offer at \$1.25 after sales at this rate. Gold mining issues reacted slightly on very heavy profit taking in Manila but all offerings were well absorbed and a new high level is anticipated after the recent 'shake out'. Antamoks were dealt in as high as \$2.46 and Demonstrations rose to 78 cents at one time, but both stocks closed easier for the foregoing reasons. Bagulo Gold were also popular having changed hands at 284/333 cents. United Paracales enjoyed their share of popularity with transactions done at 79/80 cts. Big Wedge changed hands in quantity at 38/40 cts. cash and 42 cts. June. Sterling counters were a shade easier with Hongkong Banks changing hands at \$1500/1510 and Unions at \$500 to \$510. The tone of the market at the close is very active with enquiries for stocks in almost every section.

Business during the week has been done at the following:

H. K. Banks, \$1500/1510. Unions, \$500/510. H. K. Fires, \$250. Hotels, \$4.90/5.00. H. K. Trams, \$10.80/10.95. C. Lights (old), \$10.50/10.95. C. Lights (new), \$7.40. Cements, \$9.70/10.40. Dairy Farms, \$20. Lane Crawfords, \$62. Providents (old), \$120/114. Ropes, \$4.05. Telephones (old), \$251. Canton Ices, \$12. H. K. Electric, \$51. H. K. Docks, \$9. Yaumati Ferries, \$20. Antamoks, \$2.32/2.44. Demonstrations, \$0.73/78 cts. Salacots, 124 cts. Bagulo Gold, 284 cts./333 cts. I. X. L., \$1.55. San Maurilio, \$1.20. United Paracale, 784/80 cts. Big Wedge, 38 cts. 40 cts. Itogons, \$1.22. Gold Rivers, 74 cts./73 cts. Benguet Explorations, 22 cts.

BERLIN SHARE MARKET

('Hong Kong Daily Press' Special)

Berlin, Apr. 24.

The shares were again in brisk demand on Friday above all specific favourites. Mining shares were in the foreground largely because of the resumption of dividend paying by Mannesmann pipes, 3 per cent, being declared for the 1935 annual report mentioning the great increase of business during the first months in 1936.
